

Technical Bulletin

ISS45 and ScanMaster EMV Certified with Verifone

EPS-TECH-16:04
May 27, 2016

NCR is pleased to announce that EMV testing with the Verifone® MX 915 and MX 860 has been completed, and these models are now formally Certified with ScanMaster V2 and ISS45 V8.

These certifications are valid in conjunction with Connected Payments 828.7 Gold 24 for EMV. The Verifone model MX 925 is compatible to the MX 915, and is also supported.
