

**Subject: New D15 Display External Power Supply**

**Overview**

A new Power Supply has been released for the D15 display. This Power Supply is only needed on units that are not powered from the TeamPoS terminal directly. This new version is downward compatible and a direct replacement for the current version. Any new spares orders should also be for this new version.

Current:

Part Number	Description
90000829	Power Supply, External, +12VDC@3A, 100-240VAC

Replaced By:

Part Number	Description
