Whammo! Customization Program

MB-PS-1087 Issue 5
April 22, 2005

This Issue 5 updated to StoreNext and contacts.

-  Want to add impact to your sales campaign?
-  Want to get customization done, and get it done fast?
-  Want to K-O your competition?

StoreNext is pleased to offer *Whammo!* a special fixed-price program to speed up customization projects needed by StoreNext dealers. This program strips the overhead, delays and cost out of the quoting and execution of small but critical customization projects that you need to win business.

With *Whammo!*, StoreNext uses the Customization tools such as PM, IQL, API and CustomLink, plus Active-X, Crystal Reports and VB to build customized enhancements for you. In the past, *Whammo!* was limited to ISS45 projects but it may be possible to adapt other StoreNext products and offerings — no guarantees, but give us a try. It works like this:

1. FAX a complete and signed *Whammo!* Order Form (attached) to the *Whammo!* FAX hotline, 972-265-4801 or scan/email to GMyers@StoreNext.com.
2. The development staff will normally respond within two business days whether or not your project can fit within the limits of a *Whammo!* enhancement, details will be confirmed, StoreNext will FAX the approved order form back to you and work will be scheduled. If additional detail is needed, requirements need to be modified, or we cannot undertake the project, we will contact you to discuss it further.
3. Your *Whammo!* Order Form will become your Sales Order if the *Whammo!* team approves it. It will be sent to Order Entry for processing.
4. StoreNext will schedule and complete your *Whammo!* enhancement in the minimum time possible. You will be notified, and if possible, the code will be e-mailed to you and/or posted on StoreNext's Web Site.
5. *Whammo!* projects are warranted only within the scope of the specified requirements and no guarantee is given of uninterrupted or error free running or that all faults can be rectified. The warranty period is 30 days from the initial date of shipment.

In order to handle slightly larger projects, there's also a *Double Whammy!* This item will be used for projects that can't be handled within the regular *Whammo!* time frames, but can still be accomplished under the *Whammo!* program. Large projects requiring source code modification cannot be done using this program.

This document and information are supplied to StoreNext Retail Technologies personnel and third parties to assist them in doing business with StoreNext. They are not to be used or distributed for any other purpose.

StoreNext Retail Technologies LLC endeavors to ensure that the information in this document is correct and fairly stated, but does not accept liability for any error or omission.

The Product Identification Numbers used in the *Whammo!* program are as follows:

PIN	Item	Price	Inst	Maint
45000/050	WHAMMO! Project	\$ 995	N/A	N/A
45000/051	DOUBLE WHAMMY! Project	1,995	N/A	N/A

We hope that *Whammo!* will help your sales campaign, not to mention confuse your competitors with what you can make the product do.

To Your Success,

Anton van Severker
Director: Supermarket Systems

Whammo! Order Form

FAX TO 972-265-4801 / email GMyers@storenext.com

This StoreNext Sales Order Form must be completed if the dealer wishes to place an order for a Whammo! customization project. To facilitate processing of these orders, the dealer agrees by signing this Sales Order Form that the terms and conditions of the existing Reseller Agreement (including applicable Software License Agreements) govern this order. Resellers must have a valid and executed Reseller Agreement with StoreNext ICL to participate in this program.
