## ISS45 Express Packages — “ExpresSO”

MB-POS-1000 Issue 23

March 31, 2016

Note: This issue 23 provides the new ISS45 ExpresSO™ software-only Express packages. Channel Partners may order these items without hardware purchase requirements or confirmations. ABO (as well as RBO) may be ordered at the special Companion price when purchased along with any Express package. ScanMaster Express is no longer available since it is already priced lane-by-lane at the lower prices, and there are no convenience factors available from packaging the hardware with the software. Channel Partners are advised to understand the usual Express limitations before proposing and ordering. (Since this entire bulletin has changed in character, the usual red highlights for changes have not been applied.)

NCR is very pleased to offer ISS45 Express™ systems, combining outstanding POS software targeted for sale with NCR’s best hardware technology for small grocery stores with up to five POS lanes.

These new ISS45 Express configurations provide **Software-Only** Express packages (“ExpresSO”):

- **Lanes** – Stores with 1 – 5 POS lanes can be configured
- **License type** – single-controller systems (MFS1 only)
- **Licenses include:**
  - ISS45 Controller Service license, single, for up to 5 POS lanes
  - POS Application software, 1@ per lane
  - LAN software, 1@ per lane
  - Not included: no workstations/LFS are included, but they may be added at standard prices and discounts.
- **Hardware** – no hardware or platform software is included.
- **Pricing and discounts:**
  - The entire ExpresSO package is ordered with a single PIN/PID.
  - Channel Partners enjoy the same discount for ISS45 ExpresSO packages as for ISS45 and other POS application software.
  - Additional options specific to ISS45 Express can be added, as well as other standard ISS45 POS options.
  - All other ISS45 options can be added to ISS45 ExpresSO.
  - Upgrades – ISS45 ExpresSO stores can be upgraded to “standard” ISS45 if desired, to grow lane counts beyond the 5-lane limit or add the second controller (MFS2).
- **ABO Companion Licenses** – can be purchased with the initial ExpresSO system order at the standard \$995 prices. (RBO is also available if desired).
- **ScanMaster Express?** – has been withdrawn. ScanMaster is already available with no-charge Application Pack pricing for 1-5 lane systems, requiring only lane-by-lane POS license purchases at low costs. Further, with NCR POS hardware provided through ScanSource and Ingram Micro, there is no convenience added to single-PIN hardware/software orders.

## EXPRESS DIFFERENCES FROM THE STANDARD PRODUCT

ISS45 Express software is exactly like the standard ISS45 with the following exceptions:

© NCR Corporation, 2015. All rights reserved. This document and all of its contents are the proprietary, confidential information and property of NCR. This document and information are supplied to Solution Providers and third parties to assist them in doing business with NCR, and may not be used or distributed for any other purpose. Unauthorized disclosure, reproduction, distribution or use of this document and/or its contents in any form is strictly prohibited. NCR is a registered trademark of NCR Corporation; all other trademarks or registered trademarks are the property of their respective owners. Content regarding NCR products and services is for information purposes only and does not constitute any binding specifications or representations. NCR endeavors to ensure that the information in this document is correct and fairly stated, but does not accept liability for any error or omission.

- **No Controller Service replication** – Express provides single controller service only. Shoppers can still be checked out at the POS terminals, however, because of ISS45's 3R's architecture, which enables POS checkout even with no controllers attached or available.<sup>1</sup>
- **No Bonus Coupon** - (available as an Express software option.)
- **No Safe Accounting system** - (available as an Express software option.)
- **No family code coupon scanning validation** - (although manufacturer code is there). To add family code validation, an Express software option is available.)

There are no other limits on software options. For example, fuel or self-checkout can be used with Express.

## SPECIAL SITUATIONS NOT AVAILABLE TO EXPRESS USERS

- **Migrations to ISS45 Express** – are not available. All migrations from ACS, ScanMaster etc. to ISS45 result in a "standard" ISS45 license.
- **Migrations from ISS45 Express** – to other present or future NCR POS systems are not available. Users wishing to migrate from ISS45 Express may, however, upgrade their system to "standard" ISS45 and then migrate from there.
- **Adding lanes** – additional lanes for ISS45 Express systems are not available. Standard PINs for additional POS/LAN licenses do not apply. If a user believes that they will likely outgrow the initial lane count, it would be wise to purchase an ISS45 Express system with a higher lane count from the start. Lanes cannot be transferred to or from Express systems.

## SALES APPROACHES

It's not wise to propose Express when the user would buy or be better served by the standard software and hardware systems, or is likely to grow the site beyond the initial lane count and limit. The user won't get quite as many features, and the Channel Partner won't make as much margin. But: when ISS45 Express fits the grocer's needs and the competitive situation, here are a few of the points you should make:

- **At a great price** – your user gets an outstanding system with the same architecture used in thousands and thousands of major independents and supermarket chains.
- **Financing** – using a lease program, a complete 3-lane system costs less per week than a part-time clerk.
- **Investment protection** – Express systems are upgradeable to a full "standard" ISS45 systems and all options are available, protecting the user's investment and ensuring flexibility.
- **First-rate software and partners** – no other offering for small grocers can beat the Channel Partner/NCR success and performance for independent grocers.
- **First-rate NCR hardware** – certified across NCR's outstanding line of POS hardware options, plug-and-play. On Sunday night in a two-lane store, the last thing you need is a science project.
- **Your stuff** – Express provides the same products that your dealership focuses on, day in and day out. It's not a tactical sideline. Your people are trained and experts.

The ISS45 Express packages, options and configuration information are listed on the following pages.

---

<sup>1</sup> The Controller Replication option previously available for ISS45 Express has been withdrawn and is no longer available for new sale.

# Configuration and Pricing

## ISS45 Express Packages

### ISS45 Express Packages: ExpressSO Software-Only Packages

PIN	Description	List Price	Install Price	Maint Price
<b>G330-0042-0000</b>	<b>— ISS45 Express 1-Lane Software Package</b> This item was previously listed as StoreNext PIN: 45480SW1. ¶-ISS45 ExpressSO Software-Only license for 1-lane store. Provides ISS45 controller/server capabilities and support for one POS lane. No hardware included. No platform or database software included. ¶-Standard Channel Partner POS Application Software discounts apply. Hardware purchase is no longer required to qualify for purchase at the listed prices. ¶-Express functions are similar to the "standard" ISS45 system with the exception of (a) single MFS1/Controller service only, (b) Bonus Coupon is not supported unless this option is purchased, (c) Safe Accounting is not supported unless this option is purchased and (d) Family Code Coupon Scanning Validation is not supported unless this option is purchased separately (manufacturer code support IS provided however). Standard ISS45 options as well as the Express options listed above may be purchased as desired at standard prices and discounts. ¶-The "MFS->LFS Swap" option is not available for ISS45 Express systems, including ExpressSO. The previous Controller Replication option (for MFS1/MFS2 systems) has been withdrawn and is no longer available. ¶-Upgrades: POS Lane additions are not available to Express systems. Channel Partners are advised to order a larger POS count at initial purchase if the user expects to add lanes. ISS45 Express systems may be upgraded to full ISS45 "standard" (G330-0058-0000) if desired, enabling additions of POS lanes beyond the Express limit of 5. Lane Transfer options to/from other sites are not available. ¶-Migrations: FROM other POS systems to ISS45 Express/ExpressSO are not available. Migrations from Express TO other NCR POS systems are not available (although a user may always upgrade Express to full ISS45 "standard" (G330-0058-0000) if desired to enable available migration options. ► The content of this product has been changed. ◀	<b>\$3,280</b>	<b>\$695</b>	<b>\$970</b>
<b>G330-0046-0000</b>	<b>— ISS45 Express 2-Lane Software Package</b> This item was previously listed as StoreNext PIN: 45480SW2. ¶-ISS45 ExpressSO Software-Only license for 2-lane store. Provides ISS45 controller/server capabilities and support for two POS lanes. No hardware included. No platform or database software included. ▲▲ See Configuration Note for the first PIN in this section for additional configuration information.▲▲	<b>\$3,880</b>	<b>\$695</b>	<b>\$1,045</b>
<b>G330-0044-0000</b>	<b>— ISS45 Express 3-Lane Software Package</b> This item was previously listed as StoreNext PIN: 45480SW3. ¶-ISS45 ExpressSO Software-Only license for 3-lane store. Provides ISS45 controller/server capabilities and support for three POS lanes. No hardware included. No platform or database software included. ▲▲ See Configuration Note for the first PIN in this section for additional configuration information.▲▲	<b>\$4,880</b>	<b>\$695</b>	<b>\$1,120</b>
<b>G330-0043-0000</b>	<b>— ISS45 Express 4-Lane Software Package</b> This item was previously listed as StoreNext PIN: 45480SW4. ¶-ISS45 ExpressSO Software-Only license for 4-lane store. Provides ISS45 controller/server capabilities and support for four POS lanes. No hardware included. No platform or database software included. ▲▲ See Configuration Note for the first PIN in this section for additional configuration information.▲▲	<b>\$6,080</b>	<b>\$1,395</b>	<b>\$1,195</b>
<b>G330-0045-0000</b>	<b>— ISS45 Express 5-Lane Software Package</b> This item was previously listed as StoreNext PIN: 45480SW5. ¶-ISS45 ExpressSO Software-Only license for 5-lane store. Provides ISS45 controller/server capabilities and support for five POS lanes. No hardware included. No platform or database software included. ▲▲ See Configuration Note for the first PIN in this section for additional configuration information.▲▲	<b>\$7,780</b>	<b>\$1,395</b>	<b>\$1,270</b>

## ISS45 Express Options

NCR offers several software options for ISS45 Express users. Some of these are standard software features provided with “standard” ISS45 systems but not offered with Express packages. Standard options (e.g. Electronic Payments Interfaces, Promotion Options etc.) can also be purchased. See the current version of Reference Bulletin 1000 (ISS45) or 1208 (ScanMaster) for a detailed list of all ISS45 and ScanMaster software options.

### ISS45 Express Options: Express/Esspresso Only

PIN	Description	List Price	Install Price	Maint Price
<b>G330-0058-0000</b>	<b>— ISS45 Express Software Upgrade to Standard ISS45</b> This item was previously listed as StoreNext PIN: 45180/039. ¶-For ISS45 Express only — not available for ISS45 Espresso systems. Provides upgrade to full ISS45 price is regardless of 1-Lane, 2-Lane, 3-Lane, 4-Lane or 5-Lane configuration. This price does not include hardware.	<b>\$2,995</b>	<b>\$400</b>	
<b>G330-0085-0000</b>	<b>— ISS45 Express/Esspresso Coupon Family Code Validation Option</b> This item was previously listed as StoreNext PIN: 45180/033. ¶-This software option available only for ISS45 Express and Espresso. Other standard ISS45 options are available to be added to ISS45 Express.	<b>\$795</b>	<b>\$200</b>	<b>\$100</b>
<b>G330-0056-0000</b>	<b>— ISS45 Express/Esspresso Bonus Coupon Option</b> This item was previously listed as StoreNext PIN: 45180/035. ¶-This software option available only for ISS45 Express and Espresso. Other standard ISS45 options are available to be added to ISS45 Express.	<b>\$495</b>	<b>\$200</b>	<b>\$100</b>
<b>G330-0059-0000</b>	<b>— ISS45 Express/Esspresso Safe Accounting Option</b> This item was previously listed as StoreNext PIN: 45180/037. ¶-This software option available only for ISS45 Express and Espresso. Other standard ISS45 options are available to be added to ISS45 Express.	<b>\$795</b>	<b>\$200</b>	<b>\$100</b>
<b>G330-0057-0000</b>	<b>— ISS45 Express™ Controller Service Replication Option</b> This item was previously listed as StoreNext PIN: 45180/031. ¶-This item has been withdrawn. There is no direct replacement. ▶ Product Withdrawn ◀	<b>\$1,995</b>	<b>\$400</b>	<b>\$300</b>

Except where noted, Solution Providers will receive the standard discounts from the POS Software discount schedule on the items immediately above in this section.

### ISS45 Express Options: Microsoft SQL Workgroup Edition

PIN	Description	List Price	Install Price	Maint Price
<b>G770-0182-0000</b>	<b>— Microsoft SQL Workgroup Edition Embedded CAL for ISS45 - One (1) Required per ISS45 POS, Controller or Workstation</b> This item was previously listed as StoreNext PIN: SQLW1U01L-CAL2. ¶-For new ISS45 system orders: As of 8170-170, Microsoft SQL Express is recommended. If Microsoft SQL Workgroup is desired, one (1) CAL must be ordered for each ISS45 POS lane, each ISS45 MFS1 or MFS2 Controller/File Server, and each ISS45 Workstation (LFS). One CAL is also required for each instance (device) of PocketOffice. ¶-If this Microsoft SQL Workgroup PIN is used, only the SQL CALs must be purchased: no additional Microsoft SQL components or licenses are required. ¶-Use these new ISS45 OEM Embedded CALs with the same SQL Workgroup Edition version and media that has previously been distributed by NCR and certified with ISS45. SQL Workgroup Edition does not require the Windows Server operating system, and will run on smaller operating systems such as XP Professional for example. SQL-Server or SQL-Standard require a server version of the Windows operating system. ¶-These OEM Client Access licenses are embedded for the ISS45 system: purchase of the CALs provide the license only. All authorized ISS45 Channel Partners will continue to be provided the currently certified Microsoft SQL Workgroup Edition media for installation. ¶-SQL CALs are no longer provided with ISS45 Express package configurations. Channel Partners are responsible for using deploying Express or ordering the correct number of Microsoft SQL Workgroup CALs as necessary. ¶-System Add-Ons: When adding lanes, Channel Partners may convert the system to SQL Express. If the installation stays with the Workgroup Edition however, the usual Workgroup rules apply: ISS45 systems that were initially purchased before January 1, 2013 that included the previously available SQL Workgroups Unit Licenses (SQLW1U01L) do NOT need to order any new CALs when adding POS lanes, Workstations or PocketOffice licenses to the existing deployed ISS45 Systems. The new CALs WILL need to accompany the purchase of any add-on ISS45 POS lanes, MFS/Controllers, LFS/Workstations or PocketOffice licenses if the system was originally licensed AFTER December 31, 2012 and Microsoft SQL Workgroup will continue to be used in the site. ¶-Replaces withdrawn item SQLW1U01L-CAL ▶ Partner Net Price: \$90. ◀	<b>\$150</b>		<b>\$10</b>

See Pricing Notes ▶

## ISS45 Companion Back Office Options

### ISS45 Companion Back Office Options: ABO

PIN	Description	List Price	Install Price	SMS Price
<b>G370-3624-CMPN</b>	<b>— NCR ABO Advanced Back Office Store Level Application, Small Store (1-5 POS Lanes), New Companion License</b>	<b>\$3,295</b>		<b>\$468</b>
	<p>This LPIN can be used only to add ABO to POS system license orders for new ACS, ScanMaster or ISS45. Use this LPIN for companion ABO orders for sites with 1-5 lanes, and use instead PIN NCR-G370-3623-CMPN for 6+ lane stores. For stand-alone orders (without new POS license purchases) use instead NCR-G370-3624-0000, which provides the identical functions and capabilities. ¶-The ABO system is currently available for ISS45 V7/V8, ScanMaster, ACS-IR and ACS 7.0. The ISS45 V8 Advanced Promotions interface for ABO was completed in Q1 2015 and is currently available under Controlled Deployment for either store-level or ABO Central. ¶-Can be used with new POS licenses, including small store licenses ISS45 or ScanMaster Express, and system migrations among ACS, ISS45 and ScanMaster. Not valid for existing sites, license transfers, reactivations or relicenses, or in any site other than the one in which the companion POS software is installed. Not valid for special promotions or exception pricing unless expressly authorized in the promotion or exception document. ¶-The software maintenance (SWM) price quoted is the annual rate that will be invoiced to the Channel Partner by NCR for Level 3 and Level 4 support. Level 1 and Level 2 support must be provided by the Channel Partner to the end user: direct end-user support from NCR is not available for the ABO system. Channel Partners may consider multiplying the Level 3 - Level 4 SWM from NCR by 1.67 to account for the Channel Partner's own Level 1 - Level 2 services to thereby develop prices for end-to-end software maintenance and support.</p> <p>▶ Partner Net Price: \$995. See Configuration Note for additional release information. ◀</p>			
<b>G370-3623-CMPN</b>	<b>— NCR ABO Advanced Back Office Store Level Application, Large Store (6+ POS Lanes), New Companion License</b>	<b>\$4,495</b>		<b>\$468</b>
	<p>This LPIN can be used only to add ABO to POS system license orders for new ACS, ScanMaster or ISS45. Use this LPIN for companion ABO orders for sites with 6+ lanes, and use instead PIN NCR-G370-3624-CMPN for 1-5 lane stores. For stand-alone order that do not qualify for this special companion pricing (without new POS license purchases) use instead NCR-G370-3623-0000, which provides the identical functions and capabilities.</p> <p>▲▲ See Configuration Note for the first PIN in this section for additional configuration information.▲▲</p>			

See Pricing and Release Notes ▶

Partner Net Price: \$995. See Configuration Note for additional release information.

### ISS45 Companion Back Office Options: RBO

PIN	Description	List Price	Install Price	Maint Price
<b>G330-0141-0000</b>	<b>— RBO Base System (SQL) w/DSD Companion License for New ISS45</b>	<b>\$4,495</b>	<b>\$500</b>	<b>\$794</b>
	<p>This item was previously listed as StoreNext PIN: RB200L-45180RBOD-SN.</p> <p>¶-This PIN can be used to add companion RBO to orders for new ISS45 licenses. This PIN must appear on the same Sales Order as the POS system. Can be used with new POS licenses, including small store licenses, ISS45 Express, and system migrations from ACS or ScanMaster. ¶-RBO companion licenses are not transferrable: these licenses may be used only in the same site in which the qualifying POS software is installed. ¶-Not valid for existing ISS45 sites, license transfers, reactivations or relicenses. In such cases use instead RBO PINs RB200LSN + NT130SN at standard prices and discounts. ¶-Not valid with special promotions or exception pricing unless expressly authorized in the promotion offer or Exception document. ¶-RBO software support and maintenance is mandatory for the first year, and must be activated within 60 days of the software shipment. Licenses with activations delayed beyond 60 days will expire null and void. See RBO bulletins for details.</p>			
			Partner Net Price: \$995.	

## Configuration and Pricing

### ISS45 Options: Electronic Payments

Many Electronic Payments options are provided at \$0 when ordered with a Connected Payments subscription. All payment options required must be ordered regardless.

Orders for this item must include the executed signature page and Services Summary (Exhibit A) from the user's Connected Payments Subscription Agreement, showing the site and Connected Payments items subscribed. If sites or features are being added to an existing Connected Payments subscription, instead include the executed Change Order form from the Connected Payment subscription.

<p><b>G330-0076-0000 — ISS45 Gift Card Option (e.g. Blackhawk)</b></p> <p>This item was previously listed as StoreNext PIN: 45180/084. ¶-Supports BlackHawk and InComm gift card systems. ¶-Requires Connected Payments or WinEPS and WinEPS interface (OpenEPS). ¶-InComm and Blackhawk require end-user chains to pass their certification testing in the first (and possibly subsequent sites) before going live.</p>	<b>\$995</b>	<b>\$100</b>	<b>\$100</b>
<p><b>G330-0070-0000 — ISS45 Smart-Card WIC Option - Texas-New Mexico (V7/V8)</b></p> <p>This item was previously listed as StoreNext PIN: 45180/085. ¶-Provides TX/NM smart-card WIC functions as used by the "Texas-New Mexico" type WIC states. Requires that hardware combinations be certified – see the Compatibility Matrix Page on the Solution Provider Support website. ¶-The ISS45 TX/NM Smart-Card eWIC option is written to Version 2 of the national smart-card eWIC specification. As of September 2015, Ohio was the only state using the newer Version 4; the Texas/NM smart-card eWIC group will eventually move to Version 4 but no date has been provided. This TX/NM smart-card eWIC option is not forward-compatible to the Version 4 specification used by Ohio: if the Ohio-type Version 4 is required, use instead G330-0166-0000. ¶-This product supports the FTP communications protocol used by TX/NM-type states for post-transaction reporting. (The Ohio version communicates via HTTPS.) ¶-This option is independent of Connected Payments/ServerEPS or WinEPS hosting functions - no network authorizations or upstream communications are required during the smart-card eWIC transaction since the card's internal chip provides and stores all the required information. WinEPS or Connected Payments is required nonetheless, to manage the PIN pad software and POS interface. ¶-Supported by ISS45 starting with versions 8.1.2.1-050 and 7.1.2.1-050. Requires WinEPS or Connected Payments. ¶-The PIN pad requires Texas/NM WIC key for smart-card support. For new Equinox terminals, order 7952-K498-V001 for factory injection, or order instead 7952-K326-V001 to use Equinox Remote Key Injection (RKI) existing deployed terminals.</p>	<b>\$495</b>	<b>\$100</b>	<b>\$100</b>
<p><b>G330-0166-0000 — ISS45 Smart-Card WIC Option - Ohio (V8)</b></p> <p>This item was previously listed as StoreNext PIN: 45180/094. ¶-Provides smart-card WIC functions as used in the Ohio WIC operations specification. Requires that hardware combinations be certified – see the Compatibility Matrix Page on the Channel Partner Support website. ¶-The ISS45 Ohio Smart-Card eWIC option is written to Version 4 of the national smart-card eWIC specification. As of September 2015, Ohio was the only state using Version 4; the Texas/NM smart-card eWIC group is currently on Version 2, but will eventually move to Version 4 but no date has been provided. The ISS45 Ohio smart-card eWIC option is not backwards-compatible to the Version 2 specification: if the TX/NM-type version is required, use instead G330-0070-0000. ¶-This product supports the HTTPS communications used by Ohio for post-transaction reporting. (The Texas-NM operation uses FTP.) ¶-This option is independent of Connected Payments/ServerEPS or WinEPS hosting functions - no network authorizations or upstream communications are required during the smart-card eWIC transaction since the card's internal chip provides and stores all the required information. WinEPS or Connected Payments is nonetheless required, to manage the PIN pad software and POS interface. ¶-This option is supported by ISS45 version 8.1.7.0-150 and later. Requires WinEPS or Connected Payments. ¶-PIN pad requires Ohio WIC key for smart-card support. For new Equinox terminals, order 7952-K155-V001 for factory injection, or order instead 7952-K301-V001 to use Equinox Remote Key Injection (RKI) existing deployed terminals.</p>	<b>\$495</b>	<b>\$100</b>	<b>\$100</b>

**G330-0190-00KU — Software License Enablement Key (HASP), Update Service for \$35  
\$0 Software, per Key**

This item was previously listed as StoreNext PIN: 45000/010KU.

¶-Required for updates to a License Enablement/Protection Key (HASP) for \$0 software orders. For example, adding electronic payments software options at \$0, ISS45 MFS-LFS Swaps etc. This item is NOT REQUIRED when purchasing priced software options or license additions. ¶-Order 2@ for dual-key system. When keys are updated, both keys from the original key pair must be updated. ¶-For email updates to original keys only. Do not order this item if the physical HASP keys need replacement. No new keys will be provided by ordering this item. If new keys are needed, select instead G330-0190-0000 (Software License Enablement Key (HASP), Replacement Service and Shipping, per Key). ¶-Quantities required are per order. If multiple PINs on an order for one site require this PIN, only a quantity of 1 (for single-key systems) or 2 (for dual-key systems) of this key service PIN will be required. For example, if several electronic payments options are ordered for a dual ISS45 MFS1/MFS2 system with a Connected Payments subscription, only 2 of this item need to be ordered. ¶-The requirement for this item will be waived if paid (non-zero dollar) software options are simultaneously purchased with the \$0 software items that normally require this item. For example, if a MFS->LFS swap (this service fee normally required) is ordered at the same time as a CCTV interface (MRP of \$995) the CCTV interface item on the P.O. will waive the need for the key service fee item.

**G330-0190-0000 — Software License Enablement Key (HASP), Replacement Service \$75  
and Shipping, per Key**

This item was previously listed as StoreNext PIN: 45000/010.

¶-Required for replacement of each License Enablement/Protection Key (HASP). ¶-Order 2@ for dual-key system. When new keys are created, both keys in an original key pair must be replaced. ¶-Can be used to update early-version Parallel HASP keys, damaged, faulty, USB keys etc. Do not order this item unless the physical HASP keys need replacement. For updating software keys for \$0 orders for that application software, select instead item G330-0190-00KU. ¶-All License Enablement Keys remain the property of NCR. This item's price is for the creation and service only. ¶-All orders for this item must include a copy of the most recent SKIF (from the last change to the system), showing the current key and license status. In addition, the new SKIF (Excel version only) must be provided, which uses the "Replacement Key" option. The new keys will include only those items included on the previous keys. ¶-Keys replaced by the new key must be returned. By tendering an order for this item, the Channel Partner agrees to be responsible for the value of the software license protected by the key(s) and will be invoiced if the old keys are not returned promptly. ¶-Orders for this item will be accepted only upon approval of NCR Management. NCR reserves the right to decline any order.

## ISS45 Options: Loyalty and Promotions

Select and order the following options and interfaces as required.

ISS45 Options: PIN	Loyalty and Promotions: Description	List Price	Install Price	Maint Price
<b>G330-0066-0000</b>	<b>— ISS45 Catalina or Excentus (Fuel Links) - Interface Only</b> This item was previously listed as StoreNext PIN: 45180/019.	<b>\$795</b>	<b>\$200</b>	<b>\$100</b>
<b>G330-0067-0000</b>	<b>— ISS45 Prologic /YOU Technology /S&amp;H /GreenPoints /xiNETix /APT Merchandising Interface - Runtime License</b> This item was previously listed as StoreNext PIN: 45180/007. ¶-Several APT, xiNETix, S&H/GreenPoints, YOU Technology and Prologic versions have been released. Check with Retailix to ensure that the desired function is supported.	<b>\$995</b>	<b>\$400</b>	<b>\$100</b>
<b>G330-0068-0000</b>	<b>— ISS45 Prologic /YOU Technology Merchandising Interface - Runtime License for Early Adopting AWG Sites</b> This item was previously listed as StoreNext PIN: 45180/007AWG. ¶-This PIN available only for AWG members implementing the Prologic/YOU Technologies promotion program with AWG support. ¶-Product is no charge for a limited number of early adopters in the AWG/YOU Technology program. This PIN will be withdrawn when the early-adopter special pricing has fulfilled its quota from AWG. ¶-Requires ISS45 V8. ¶-When required, the Channel Partner should submit a \$0 purchase order for this item with a SKIF to enable updating the user's configuration and software key.	<b>\$995</b>	<b>\$0</b>	<b>No Charge to Partner. Installation as quoted by dealer. User Net Price: \$0. See Configuration Note for additional release information.</b>
<b>G330-0069-0000</b>	<b>— ISS45 On-Line Shopper Promotions (required by Corema, VRMS etc.)</b> This item was previously listed as StoreNext PIN: 45180/061. ¶-Currently used only for Corema and VRMS on-line interfaces. Does not include professional services provided by the vendor.	<b>\$1,195</b>		<b>\$400</b>
<b>G330-0055-0000</b>	<b>— ISS45 Advanced Promotions and Member Card System</b> This item was previously listed as StoreNext PIN: 45180/045. ¶-Required for all promotions on ISS45 V8. Standard Promotions/Offers/Reductions facilities are withdrawn. Included for new systems only in new ISS45 system purchases (all generally-released systems, including Express and Espresso) as of orders received or altered after 24-Jul-06. ¶-The V8 Option is no longer charged for upgrades to V8 from V7 as of May 2012. License (HASP) key upgrades are not required to enable this function: the ISS45 HASP license protection key does not check this function as of ISS45 releases 8160-080 or 8154-090.	<b>\$1,295</b>	<b>\$100</b>	<b>\$100</b>
<b>G330-0063-0000</b>	<b>— ISS45 Loyalty and Promotions Engine and Dynamic Receipt Engine (V8), per lane</b> This item was previously listed as StoreNext PIN: 45180/091. ¶-Provides Loyalty and Promotions Engine (LPE) and Dynamic Receipt Engine (DRE) for POS terminals. Requires Loyalty Pro (Retailix Loyalty) host but not included in Loyalty Host application. Requires ISS45 V8 release 8.1.4.1 or above (but due to Loyalty, Fuel etc. compatibility requirements, users may be required to implement the current ISS45 release only). ¶-Price is per lane. Standard dealer software margins apply to this item. ¶-Do not use this PIN for sites going live with Connected Loyalty. For Connected Loyalty sites, order instead item G330-0063-CL00 (QTY 1@ per LANE).	<b>\$295</b>		
<b>G330-0063-CL00</b>	<b>— ISS45 Loyalty and Promotions Engine and Dynamic Receipt Engine (V8), per lane, for Connected Loyalty Only</b> This item was previously listed as StoreNext PIN: 45180/091-CL. ¶-Provides Loyalty and Promotions Engine (LPE) and Dynamic Receipt Engine (DRE) for POS terminals. Requires Connected Loyalty. Requires ISS45 V8 release 8.1.4.1 or above (but due to Loyalty, Fuel etc. compatibility requirements, users may be required to implement the current ISS45 release only). ¶-Although this item is no charge, it MUST be ordered with a quantity of 1 @ per POS lane. The Key Service Fee will apply in all cases unless a priced (non-zero dollar) item is simultaneously purchased on the same P.O. for the site. ¶-For Connected Payments sites only. Do not use this PIN for sites going live with Loyalty Pro. Loyalty Pro sites, order instead item G330-0063-0000 (QTY 1@ per LANE).	<b>\$0</b>		<b>No Charge to Partner. License Key service fee always applies for this PIN.</b>
<b>G330-0065-0000</b>	<b>— ISS45 M-Dot/Inmar Network Interface</b> This item was previously listed as StoreNext PIN: 45180/093. ¶-Enables interface to Inmar/M-Dot Network. This interface license is fully chargeable as of October 2014. ¶-Supported by ISS45 V8 only as of release version 8.1.5.1-050. The Inmar/M-Dot interface is not integrated for ISS45 V7. ¶-When this interface license is required for NCR Loyalty PRO, order instead item G330-0133-0000. If this license is required for reach influence users, order instead item G330-0164-0000.	<b>\$995</b>		

**G330-0133-0000 — ISS45 M-Dot/Inmar Network Interface, with Connected Loyalty Agreement Only** **\$995** **\$0**

This item was previously listed as StoreNext PIN: 45180/093-CL.

¶-Provides the same capabilities as item G330-0065-0000 (ISS45 M-Dot/Inmar Network Interface). ¶-This item applies only to sites using Connected Loyalty with the reach|influence digital coupon solution. Do not order this item under other circumstances. If this interface is required to implement reach|influence digital coupons only (WITHOUT Connected Loyalty) select instead item G330-0164-0000. ¶-Channel Partner orders for this item must be accompanied by the reach|influence order confirmation or Connected Loyalty Subscription Agreement. If the Connected Loyalty agreement is handled through reach|influence, this will be provided by reach|influence when the Connected Loyalty + digital coupon solution agreement with that user is completed. ¶-The user net price of \$0 is published to prospects by reach|influence or other parties as part of the sales process.

No Charge to Partner. User Net Price: \$0.

<b>G330-0060-0000</b>	<b>— ISS45 Fuel Car Wash Option</b> This item was previously listed as StoreNext PIN: 45180/069. ¶-ISS45 Fuel Option required (G330-0061-0000)	<b>\$1,995</b>	<b>\$500</b>	

## ISS45 Options: Other Features

### ISS45 Options: Other Features

PIN	Description	List Price	Install Price	Maint Price
<b>G330-0049-0000</b>	<b>— ISS45 IBM Terminal Platform Option (V7/V8)</b> This item was previously listed as StoreNext PIN: 45180/090. ¶-Must be included on all orders for IBM terminals to be used with ISS45 where ISS45 software is not being ordered (for example, hardware upgrades for existing stores). Not required for Express or Espresso orders or where ISS45 software licenses of any kind are being ordered with the hardware. When required, order 1 @ per store. ¶-Not required when Connected Payments, Connected Services or other subscription services are being ordered with the IBM hardware. Note the Key Replacement services cannot be recognized as a software purchase.	<b>\$95</b>		
<b>G770-0046-0000</b>	<b>— SIL for ISS45 or RPS/Supermarket</b> This item was previously listed as StoreNext PIN: 45025/001.	<b>\$595</b>	<b>\$100</b>	<b>\$90</b>
<b>G330-0081-0000</b>	<b>— ISS45 IP Network CCTV Interface (V7/V8)</b> This item was previously listed as StoreNext PIN: 45180/087. ¶-Provides interface to network-based digital CCTV security video systems by providing real-time receipt data over IP. ¶-This TCP/IP version first available as of ISS45 versions 7.1.2.0-050 and 8.1.4.0-050. ¶-See Release Notes for 7120-050 and/or 8140-050 for a description of the parameters and transaction events and formats.	<b>\$995</b>	<b>\$100</b>	<b>\$100</b>
<b>G330-0047-0000</b>	<b>— ISS45 NCR SSCO POS Terminal Interface — one required per SSCO lane</b> This item was previously listed as StoreNext PIN: SSCO45IF. ¶-One each of this item required for each SSCO checkout station.	<b>\$1,150</b>		Partner Net Price: \$747.50.
<b>G330-0064-0000</b>	<b>— ISS45 LaneHawk Adapter/Interface (V7/V8)</b> This item was previously listed as StoreNext PIN: 45180/092. ¶-Required for all LaneHawk installations with ISS45 V8 or V7. ¶-Adapter/Interface is available as of ISS45 version 8.1.4.1-050 (and 7.1.3.0-140, withdrawn and no longer supported). Note that more recent releases will have updated and improved LaneHawk features - see the LaneHawk Features Summary available on the Solution Provider website. ¶-The LaneHawk adapter supports touch-screen or touch+keyboard style implementations only. Keyboard-only implementations are not currently supported.	<b>\$995</b>		
<b>G330-0078-0000</b>	<b>— ISS45 Table Extracts Option (V8 only)</b> This item was previously listed as StoreNext PIN: 45180/082. ¶-The Table Extracts option is available only in ISS45 V8 - it provides a special set of SQL tables to enable point-and-click selection of Excel, ASCII or XML extracts.	<b>\$595</b>	<b>\$100</b>	<b>\$100</b>
<b>G330-0080-0000</b>	<b>— ISS45 V8 Option, Biased</b> This item was previously listed as StoreNext PIN: 45180/050. ¶-Included for new systems only in new ISS45 system purchases (all generally-released systems, including Express and Espresso) as of orders received or altered after 24-Jul-06. ¶-The V8 Option is no longer charged for upgrades to V8 from V7 as of May 2012. License (HASP) key upgrades are not required to enable this function: the ISS45 HASP license protection key does not check this function as of ISS45 releases 8160-080 or 8154-090.	<b>\$2,195</b>	<b>\$150</b>	<b>\$100</b> See Configuration Note for additional pricing information.
<b>G330-0079-0000</b>	<b>— ISS45 Trickle Feed/Pick-5 Option (V7 only)</b> This item was previously listed as StoreNext PIN: 45180/079. ¶-The Trickle Feed function packages parameter-driven output files on transactions and terminals in real-time. The Pick-5 function enables promotions where groups of items are repriced at POS based on the number of items in that group being simultaneously purchased. ¶-This option applies to ISS45 V7 only. It is not required for V8. This option at one time provided only the Trickle Feed function for V7. Upon the release of Pick-5 as an option to V7's Advanced Promotions option, the Pick-5 option was added to this PIN, enabling users to get both Pick-5 and Trickle-Feed for the same price. These functions are billable for V7 only — Similar Trickle Feed functions are provided with V8. Similar Pick-5 functions are provided with the V8 Advanced Promotions module. ¶-Requires V7 Advanced Promotions option. The Pick-5 option cannot operate without the Advanced Promotions platform. ¶-Software-only discount limitation of 20% to the Channel Partner applies if this item is not purchased with POS hardware. ¶-ISS45 Version 7 has been withdrawn and is no longer supported. Licenses for this and other ISS45 V7 options will be sold for existing deployed ISS45 V7 systems on an "as-is" basis only, with approval and an Exception from NCR Management, requiring also a signed release from the end user. Please contact your CAM or NCR Channel Sales Management if this item is needed. ▶ Item withdrawn. Requires Exception in writing from NCR management. ◀	<b>\$995</b>	<b>\$100</b>	<b>\$100</b>

**G330-0190-00KU — Software License Enablement Key (HASP), Update Service for \$35  
\$0 Software, per Key**

This item was previously listed as StoreNext PIN: 45000/010KU.

¶-Required for updates to a License Enablement/Protection Key (HASP) for \$0 software orders. For example, adding electronic payments software options at \$0, ISS45 MFS-LFS Swaps etc. This item is NOT REQUIRED when purchasing priced software options or license additions. ¶-Order 2@ for dual-key system. When keys are updated, both keys from the original key pair must be updated. ¶-For email updates to original keys only. Do not order this item if the physical HASP keys need replacement. No new keys will be provided by ordering this item. If new keys are needed, select instead G330-0190-0000 (Software License Enablement Key (HASP), Replacement Service and Shipping, per Key). ¶-Quantities required are per order. If multiple PINs on an order for one site require this PIN, only a quantity of 1 (for single-key systems) or 2 (for dual-key systems) of this key service PIN will be required. For example, if several electronic payments options are ordered for a dual ISS45 MFS1/MFS2 system with a Connected Payments subscription, only 2 of this item need to be ordered. ¶-The requirement for this item will be waived if paid (non-zero dollar) software options are simultaneously purchased with the \$0 software items that normally require this item. For example, if a MFS->LFS swap (this service fee normally required) is ordered at the same time as a CCTV interface (MRP of \$995) the CCTV interface item on the P.O. will waive the need for the key service fee item.
