**Parts Lists for TeamPoS, ADT40 Printer,
Series 9000 and Orion 9500**

MB-PL-1105
September 23, 1996

ICL is pleased to release the attached parts listings for the TeamPoS 5000 and Select terminals, the Series9000 Scanner/Scale and the Orion 9500 Scanner/Scale. Use these to secure spares as they become required.

Parts may be ordered from ICL SupplyPoint Logistics by referencing the "80 Million Number", that is part numbers in the format 80XXXXXX. Note that those items associated with a Product Identity Number (PIN, like YYYYY/ZZZ) may also be available from Sales, that is, the standard order process. Be aware, however, that all parts listed here may not be regularly stocked, either by Logistics or Sales.

Pricing is available from SupplyPoint Logistics or Sales, and changes based upon market conditions and costs. Discounts from SupplyPoint Logistics are 60%, while parts purchased from Sales are discounted by the standard VAR discount of 38%.

Detailed spare parts for the 9518/200 terminal can be found in Marketing Bulletin 1056.

To your success,

Tony

A. TeamPoS Parts

The following spares list includes major assemblies and ORUs. Items that have since the initial release are in **BOLD**. Items labelled “Withdrawn” are no longer offered from sales but may still need to be supported in existing installations. For completeness and ease of exporting for other uses, all items are contained in this list.

NOTE 1: The first 200-300 units shipped will have the system board internal to the scanner base frame. In units shipped after that, the System Board Cover will be added, to allow external access to the system board without removal of the scanner housing.

NOTE 2: For Logistics Spares ordering, Fujitsu has the following spare part kits available instead of individual items (ICL part numbers have not been assigned to these kits:

RS232/OCIA Scanner Housing FJ # CA02804-E301
Includes 1 each of: 80316813, 80316310, 80316814

IBM/MDL Scanner Housing FJ # CA02804-E305
Includes 1 each of: 80316813, 80316310, 80316815

Window Bracket Set FJ # CA02804-G255
Includes: Qty 10 of 80316812

PreAmp w VLD Cable Set FJ # CA02804-G651
Includes: Qty 10 of 80316816

PreAmp w/o VLD Cable Set FJ # CA02804-G652
Includes: Qty 10 of 80316808

Analog Cable Set FJ # CA02804-G653
