StoreNext Demonstration Kits for ScanMaster and ISS45

MB-ISS45-1167 Issue 4
March 31, 2005

StoreNext is pleased to offer a set of special demonstration kits designed specifically for Dealer showrooms and support labs at minimum cost. These packages have been assembled at Dealer request to simplify ordering and minimize acquisition cost. These kits can be used for either ISS45 or ScanMaster.

A new kit includes the TeamPoS 2000 S-Class and the D15 Display, while the general "Start-Up Kit" has been revised with the latest and most powerful hardware, as has the hardware-only upgrade kit.

A SmartScan9950 scanner/scale can be added to any of the below kits by ordering the standard PIN (459950SSS) for the scanner/scale at the standard published dealer net price.

S-CLASS AND D15 DISPLAY KIT

This kit can be used for both ISS45 and ScanMaster, and includes the essential items for a TeamPoS 2000 S-Class and D15 display kit.
