

Product Bulletin

ISS45 7.8.1

MB-ISS45-1191

March 14, 2003

StoreNext is pleased to announce the general availability of ISS45 Version 7.8.1. This release will be shipped to all StoreNext Dealers in good standing the week of March 17 on CD-ROM.

7.8.1 is provided under StoreNext's Professional Services and Support agreement at no charge to StoreNext Dealers. None of the enhancements in 7.8.1 are billable to the Dealer.

The focus of 7.8.1 was to resolve a large number of the most annoying software faults and provide several committed enhancements.

FAULT RESOLUTIONS

Fault resolutions include the Cashier Performance Report, coupon and cost-plus items, frequent shopper card scan, incorrect savings messages etc. For a complete list of 7.8.1 content, please see the Patch Table on the [StoreNext Dealer Web](#) site.

NEW FEATURES

- ***Frequent Shopper savings without a member card*** – Non-members can receive the Frequent Shopper and Member promotions by setting up the parameters below:
 - There is a new parameter in Frequent Shopper maintenance (6,1,2,5), "Use Frequent Shopper dummy card." (This field is a check box field – default is unchecked.)
 - Another new parameter is in Frequent Shopper maintenance (6,1,2,5), "Frequent Shopper dummy card number." (This field is a numeric field, length is 13 characters and default is Null.)
 - Another new parameter is in Frequent Shopper maintenance (6,1,2,5), "Apply Frequent Shopper for all transaction."
- ***WIC Enhancement*** – a new parameter has been added (screen 6,1,2,3) #7 so that the date of issue for the WIC offer can be entered to be able to track expiration date of WIC.
- ***ISS45 Integrated Payments*** – with Ingenico eN-Touch PIN pad over the BuyPa\$\$ switch.
 - There is a new field at 6-1-3-1, "Electronic payment settings" - Private Credit Card Tender
 - The new feature supports Self-Checkout (currently PSI only)
 - Balance enquiry is available
 - DKPUT technology is implemented
- ***3 for \$1.00*** feature now includes an optional limit using "Enhanced Promotions"
 - On the Immediate Promotion screen (1, 9, 2) there is a new reward type selection option: "New price per quantity"
 - Plus a new parameter: Limited Quantity

This document and information are supplied to StoreNext Retail Technologies personnel and third parties to assist them in doing business with StoreNext. They are not to be used or distributed for any other purpose.

StoreNext Retail Technologies LLC endeavors to ensure that the information in this document is correct and fairly stated, but does not accept liability for any error or omission.

- **BOGOS**
 - Member Promotion Savings are now included on the “You Could Have Saved” line on BOGO transactions.
- **Savings Totals on Receipt** – in the past, the “print receipt now” function did not reflect savings when buffered printing was aborted.
 - New parameter – In receipt printing parameters - “Print saving totals on receipt when buffered Printing is turned off”
- **Template sizing enhancement:**
 - The template file is changed to size 11,000 for both the Back Office and the WinPoS.

To Your Success,

Tony
