

# PRODUCT

## ScanMaster Configuration and Pricing

MB-POS-1208, Issue 15

March 7, 2019

Note: This Issue 15 makes general updates and modifications. Changes of significance are highlighted in RED.

NCR is proud to provide ScanMaster® to independent grocers and regional chains through the sales, services and support of NCR Channel Partners. Due to ScanMaster's design and feature set — which from the start was built specifically for the needs of these retailers and the Channel Partners that support them — ScanMaster has been one of the most popular system products in this market with a long history of success.

ScanMaster's large installed base of retailers knows that their critical investment in their ScanMaster system is protected by NCR's RoadMap of ScanMaster development and enhanced support. Channel Partners can refer to the ScanMaster Open RoadMap on the Channel Partner Support Site.

While NCR is continuing to provide ScanMaster support and updates for critical issues, , new feature development for all NCR Channel POS platforms — including ScanMaster, ACS-IR and ISS45 — will be focused on ENCOR. Channel Partners can regard ENCOR as providing the "feature upgrades" for ScanMaster, and the new (virtually no-charge) migrations from ScanMaster to ENCOR enable this transition.

This bulletin provides the product list of ScanMaster software and pricing. Other bulletins provide information regarding ScanMaster and other NCR systems:

- ENCOR Program Reference, Pricing and Configuration (Reference Bulletin 1255)
- ISS45 Program Pricing and Configuration (Reference Bulletin 1000)
- ABO (see Announcements)
- NCR RealPOS terminals, packages and peripherals (see Reference Bulletins)
- System hardware and software platforms (Reference Bulletin 1047)
- Connected Payments (Reference Bulletin 1221)
- Connected Services (Reference Bulletin 1185)
- PocketOffice (Reference Bulletin 1192)
- ScanMaster Express — this program is no longer needed because of re-pricing and the changes in hardware ordering:
  - In 2010, software prices for ScanMaster were reduced to Express levels with low-cost lane-by-lane prices and the creation of the ScanMaster Base Application, Software License and Application Pack, for Five (5) POS Lanes or Fewer" for \$0.
  - Since all NCR POS hardware is now ordered and delivered via ScanSource and BlueStar, there is no convenience factor offered by an "Express" offering for ScanMaster.

*...continued on following page*

## ScanMaster General Configuration

Master loads of ScanMaster including the controller, workstation, terminal and all option software are provided by NCR on a regular basis under the ScanMaster Professional Services and Support system. The Channel Partner is free to configure and install as required by the user.

Upgrades of earlier (“pre-Retalix”) versions must be ordered from NCR in order to receive the new license and enablement keys. NCR currently provides within-version upgrades at no charge to the Channel Partner. The zero-cost order must still be received by NCR, however, in order for the license and keys to be provided. The upgrade license covers all previously licensed software. New features and options must be ordered separately at standard prices.

When a ScanMaster system is purchased, software licenses and software enablement keys (ScanMaster uses the USB version of the “HASP” hard key) for the purchased licenses are provided by — and remain the property of — NCR, but the actual software is configured and installed from the Channel Partner’s current ScanMaster master loads.

All billable software options must be purchased on a site-by-site basis.

Operating systems can be acquired via standard methods, either as packaged with a PC or purchased from NCR or elsewhere. See the current version of Bulletin 1047 for details of these items.

## ScanMaster Configuration

As of April 1, 2016, all ScanMaster software licenses are sold at the same prices irrespective of accompanying or simultaneous hardware orders. Only one set of PINs remains: All “without-hardware” PINs and prices are withdrawn and no further orders will be accepted for these items. Previous “with-hardware” items have had that requirement removed and can be ordered with or without hardware.

Channel Partners will enjoy their standard POS application software discounts regardless of the order’s hardware content.

Any previous requirements to provide simultaneous order confirmations (for NCR hardware) to Order Entry are removed.

For additional information, see the [February 18, 2016 Announcement](#) regarding this topic.

### SCANMASTER LICENSES

- ScanMaster software license pricing is no longer dependent upon the hardware content of the order.
- For 1-5 lanes, ScanMaster MRP is **\$1,260** per lane (the price is now identical for DynaKey or non-DynaKey implementations).
- For 6+ lanes, ScanMaster MRP is **\$2,300** plus **\$1,260** per lane.
- Standard Channel Partner POS application software discounts apply.
- These prices include the ScanMaster “App Pack.” This controller package of functions is provided at no charge (**\$0**) for 1-5 lanes and **\$2,300** list for 6+ lanes. The App Pack includes:
  - ScanMaster Base Application (G330-0117-0000 / G330-0115-0000) and Electronic Journal
  - ScanMaster Electronic Coupon Package License (G330-0107-0000)

## OTHER SCANMASTER LICENSES

The ScanMaster Express package program is withdrawn. It no longer provided any advantages because re-pricing removed the 1-5 lane App Pack premium, and one-PIN ordering was no longer and due to ScanSource and Ingram Micro POS hardware ordering requirements.

ScanMaster has always retained the DynaKey option in the software, and with the new NCR hardware pricing and releases, many users will choose to implement this product. ScanMaster DynaKey capability must be specifically ordered but there is no additional charge for this option.

The ScanMaster POS application includes "full-touch" ability without the need for a keyboard of any kind. The full-touch capability is provided with all ScanMaster V2 releases (2.1.2 and above) at no additional charge.

ScanMaster options and interfaces are discountable at the standard POS application software discounts regardless of corresponding hardware orders.

## PERVASIVE DATABASE

ScanMaster V2 requires the Pervasive PSQL database platform.

This Configuration and Pricing section of this bulletin provides the most commonly ordered PSQL items. Many more options and upgrades are available from the complete Pervasive Configuration and Pricing bulletin: see the current issue of [Bulletin 1228](#) on the Channel Partner Support Website for complete configuration and pricing information for PSQL.

The new ScanMaster Excel SKIF (v17 and later) provides assistance to help you configure PSQL correctly for the ScanMaster license represented on that SKIF.

Regarding ScanMaster and PSQL:

- ScanMaster licenses or V2 upgrades may not be sold without a matching Pervasive PSQL license. NCR is required to decline any ScanMaster license order unless it is accompanied by a PSQL license order sufficient to fully operate the ScanMaster system order.
  - Conversely, new Pervasive PSQL Base licenses cannot be ordered from NCR without a corresponding ScanMaster purchase.
- NCR is now shipping PSQL v11.3, which is compatible with ScanMaster release 2.09. PSQL v11.3 is the only PSQL version now available from NCR. PSQL v10 and all other previous versions have been withdrawn and are no longer available from NCR.

To configure the Pervasive PSQL license:

- Exactly one PSQL Base license is required for each Pervasive PSQL system. Every PSQL system must have one, but not more than one, Base PSQL license.
- The Base license plus User Count Increase (UCI) licenses must total to at least the minimum user count required:
  - The minimum number of users equals the ScanMaster Controller/Server + ScanMaster workstations + POS terminals + self-checkout lanes.
    - Example: for a 5-lane ScanMaster system with no workstations, a license for  $1+5+0=6$  users is required (1 controller + 5 lanes + 0 workstations = a 6-user license).
    - Example: a 7-lane system plus (4) self-checkouts and (1) ScanMaster workstation would require licenses for  $1+7+4+1=13$  users (1 controller + 7 POS + 4 self-checkout + 1 workstation = 13-user license).

- Pervasive allows combining licenses to achieve the total required. One "Base" license is required, and then "User Count Increase" (UCI) licenses can be stacked on top of the Base license to achieve the total needed.
  - For example, you can purchase a 5-User Base license plus a 3-user UCI license to create an 8-user system license.
- In addition to an x-user license, PSQL "Workgroup" licenses are required for each POS terminal, self-checkout lane and workstation in the ScanMaster system. A Workgroup license is not required for the server.
  - So for a 5-lane ScanMaster system with no workstations, 0+5=5 Workgroup Licenses are required.
  - For a 7-lane system plus (4) self-checkouts and (1) ScanMaster workstation, 0+7+4+1=12 Workgroup Licenses.

## SCANMASTER SKIFS

As of April 1, 2016, all SKIFs for new systems or software updates and upgrades must be submitted on the updated Excel SKIF (v17 or later). Order Entry will decline orders submitted on old or incomplete forms.

- This version is available immediately on the Channel Partner Solution Provider website - [click here to download the current version.](#)
- Attach the "live" Excel file with orders - do not submit a printed, scanned, faxed or PDF version of the SKIF, since your original is needed for updates by Software Production.

## SCANMASTER SOFTWARE KEYS (HASPS)

ScanMaster Professional Services items, including HASP Key replacements are listed in the Pricing and Configuration details below. To remove confusion, two "key" offerings are now available from NCR:

- Software License Enablement Key (HASP), Update Service for \$0 Software, per Key — When adding no-charge software or adding software items to the HASP keys at \$0, the standard Key Upgrade fee applies. Order 1 @ per ScanMaster system. Again, this is just for orders that otherwise have no software item, even at \$0. This item is never necessary whenever a "paid" item, including \$0 items, are ordered.
- Software License Enablement Key (HASP), Replacement Service and Shipping, per Key — This item applies only when physical keys are replaced. Order 1 @ per key in the system. Channel Partners are required to promptly return the replaced ScanMaster key, which remains the property of NCR. All orders for this item are subject to NCR approval before the order will be accepted.

## SCANMASTER SOFTWARE DOCUMENTATION

User and installation documentation is available at no charge to Certified ScanMaster Channel Partners on the Channel Partner Support Web site. See the [ScanMaster All-In-One Page](#) or the [ScanMaster Manuals Page](#).

## SCANMASTER TECHNICAL DOCUMENTATION

Technical Bulletins for ScanMaster are available on the Channel Partner Support Web site. See the [ScanMaster All-In-One Page](#) or the [Technical Bulletins Page](#).

## SCANMASTER ROADMAP

Channel Partners can visit the ScanMaster Open RoadMap via the [ScanMaster All-In-One Page](#) or the [ScanMaster Maintenance Page](#).

Current fault status is also available from the [ScanMaster All-In-One Page](#) as well as the [ScanMaster Fault Status Page](#).

## SCANMASTER CONFIGURATION AND PRICING

See the following pages for detailed configuration, pricing and ordering information for all ScanMaster systems.

## Configuration and Pricing

### ScanMaster System Software

The PINs and pricing for ISS45 systems and options are listed in the sections below.

Note! As of April 1, 2016, NCR no longer differentiates pricing or discounting according to simultaneous POS hardware purchases. No differences exist between ordering ScanMaster “with hardware” or “without hardware/software-only.” Use the same PINs and discounts for all ScanMaster application software orders. See Announcement Feb16MRP.pdf (February 2016) and Mar16MRP.pdf for details.

For more detail and other general ordering instructions for ScanMaster, see the first two pages of this bulletin. Additional detailed licensing information is provided in the Configuration Notes below.

1. First, select the appropriate base software license, depending on the number of POS lanes in the store.
2. Select the necessary number and type of POS lane licenses required. Include any self-checkout stations in the POS Lane license counts.
3. Order the number of workstations required. NOTE! Workstations are not included in any ScanMaster Base License Application Packs.
4. Select the (optional) ABO or RBO Companion Licenses for the ScanMaster system.
5. Choose additional ScanMaster options and features as needed.
6. If a customer is upgrading, reactivating replacing a ScanMaster license, or migrating from another NCR POS system, see the sections and instructions provided for these special options.

ALL ScanMaster system software orders, regardless of size and type, must be accompanied with a corresponding order for Pervasive PSQL. This bulletin lists commonly used PSQL PINs; for the full list of PSQL products available see the Pervasive Configuration and Pricing reference bulletin 1228. For associated systems, see also:

- The ABO Announcement ABO information and details.
- The RBO Bulletin 1193 for RBO information and details.
- PocketOffice — see the current issue of Reference Bulletin 1192 to purchase PocketOffice for ScanMaster.

#### ScanMaster System Software: System Application Packs

PIN	Description	List Price	Install Price	Maint Price
<b>G330-0117-0000</b>	<b>— ScanMaster Base Application, Software License and Application Pack, for Five (5) POS Lanes or Fewer</b>	<b>\$0</b>	<b>\$400</b>	<b>\$895</b>
	<div style="border: 1px solid black; padding: 2px; display: inline-block; margin-bottom: 5px;"><b>1-5 LANE APP PACK</b></div> <p>This item was previously listed as StoreNext PIN: SM44555/001P5.                      ¶-Use this item for sites with five (5) ScanMaster POS lanes or fewer. If the store has six (6) or more POS lanes, select instead the Base License/Application Package below for larger stores (G330-0115-0000). ¶-Do not include ScanMaster Workstations in the count of POS lane. POS Lanes should be counted only if equipped with POS terminals for checkout functions. ¶-The Pervasive PSQL database software must accompany every ScanMaster order, configured to fully support the ScanMaster Base, POS and Workstation counts. See the Pervasive PSQL Database section of this Bulletin. ¶-Note! As of October 1, 2014, ScanMaster Application Packs no longer include any ScanMaster Workstation licenses. If a site requires workstations, order one ScanMaster Workstation license (PIN G330-0127-0000) for each Workstation required. ¶-Use of this PIN does not require a simultaneous hardware order. As of April 1, 2016, standard Channel Partner discounts apply to this item, with or without a simultaneous hardware purchase. All "without-hardware" PINs/PIDs have been withdrawn.</p>			H/W purchase does not affect discount. Product has changed. See Configuration Note for details.

**G330-0115-0000 — ScanMaster Base Application, Software License and Application Pack, for Six (6) POS Lanes or More** **\$2,300** **\$400** **\$895**

**6+ LANE  
A-P w/HW**

This item was previously listed as StoreNext PIN: SM44555/001P6.  
 ¶-Use this item for sites with six (6) POS lanes or more. If the store has five (5) or fewer POS lanes, select instead the Base License/Application Package above for smaller stores (G330-0117-0000). ¶-Use of this PIN no longer requires a simultaneous hardware order. As of April 1, 2016, standard Channel Partner discounts apply to this item, with or without a simultaneous hardware purchase. All "without-hardware" PINs/PIDs have been withdrawn.  
 ▲▲ See Configuration Note for the first item in this section for additional configuration information.▲▲

H/W purchase does not affect discount. Product has changed. See Configuration Note for details.

**ScanMaster System Software: POS Lane Software Licenses**

**G330-0121-0000 — ScanMaster POS Software, Per Lane** **\$1,260** **\$60** **\$75**

**POS LANE  
w/HW**

This item was previously listed as StoreNext PIN: SM45455/001P.  
 ¶-Price is per lane - order one (1) per ScanMaster POS lane in the store. Use this PIN for POS lanes that are not deployed with NCR DynaKey cashier display/keyboards. For installations with DynaKey-equipped POS, select instead G330-0123-0000 below. ¶-One (1) required per each self-checkout lane. Not required for NCR SSCO RAP Station, unless the station is equipped with an accompanying POS terminal enabling standard checkout and tender functions for that RAP Station. ¶-Requires proper selection of the appropriate ScanMaster Base License and Application Pack below. ¶-Use of this PIN no longer requires a simultaneous hardware order. As of April 1, 2016, standard Channel Partner discounts apply to this item, with or without a simultaneous hardware purchase. All "without-hardware" PINs/PIDs have been withdrawn.

H/W purchase does not affect discount. Product has changed. See Configuration Note for details.

**G330-0123-0000 — ScanMaster POS Software, Per Lane, for DynaKey** **\$1,260** **\$60** **\$75**

**POS w/DnKy  
w/HW**

This item was previously listed as StoreNext PIN: SM45455/001PD.  
 ¶-Price is per lane - order one (1) per ScanMaster POS lane in the store, including one (1) per each self-checkout lane. This PIN is required for POS lanes that are deployed with NCR DynaKey cashier displays. For installations deployed without DynaKey-equipped POS, select instead G330-0121-0000 below. ¶-One (1) required per each self-checkout lane. Not required for NCR SSCO RAP Station, unless the station is equipped with an accompanying POS terminal enabling standard checkout and tender functions for that RAP Station. ¶-Requires proper selection of the appropriate ScanMaster Base License and Application Pack below. ¶-Use of this PIN no longer requires a simultaneous hardware order. As of April 1, 2016, standard Channel Partner discounts apply to this item, with or without a simultaneous hardware purchase. All "without-hardware" PINs/PIDs have been withdrawn.

H/W purchase does not affect discount. Product has changed. See Configuration Note for details.

**ScanMaster System Software: Workstation Option**

**G330-0127-0000 — ScanMaster Workstation Software License** **\$560** **\$150** **\$55**

**WRKSTN  
w/HW**

This item was previously listed as StoreNext PIN: SM40304/KIS.  
 ¶-A workstation license (G330-0127-0000) is required for every workstation in the ScanMaster system. ¶-Note: As of October 1, 2014, no ScanMaster Workstation licenses are included in the Application Pack Base software license. This is to limit the need for additional PSQL User and Workgroup licenses that would otherwise be required even when an included Workstation license is not required by the user. If Workstations are needed in the configuration, order the number required using this PIN. ¶-Use of this PIN does not require a simultaneous hardware order. As of April 1, 2016, standard Channel Partner discounts apply to this item, with or without a simultaneous hardware purchase. All "without-hardware" PINs/PIDs have been withdrawn.

H/W purchase does not affect discount. Product has changed. See Configuration Note for details.

## ScanMaster System Software

Information regarding ABO and RBO Companion Software offers is listed in the Configuration Notes for the items below.

For additional details and eligibility information, see the ABO and RBO Product or Pricing and Configuration Bulletins, as well as the several ABO and RBO Companion Software Announcements and Updates.

ScanMaster System Software: ABO Companion Back Office		List Price	Install Price	SMS Price
PIN	Description			
<b>G370-3624-CMPN</b>	<b>— NCR ABO Advanced Back Office Store Level Application, Small Store (1-5 POS Lanes), New Companion License</b>	<b>\$3,295</b>		<b>\$468</b>

### SM STORE COMPANION

This LPIN can be used only to add ABO to POS system license orders for new ACS, ScanMaster or ISS45. Use this LPIN for companion ABO orders for sites with 1-5 lanes, and use instead PIN NCR-G370-3623-CMPN for 6+ lane stores. For stand-alone orders (without new POS license purchases) use instead NCR-G370-3624-0000, which provides the identical functions and capabilities. ¶-The ABO system is currently available for ISS45 V7/V8, ScanMaster, ACS-IR and ACS 7.0. The ISS45 V8 Advanced Promotions interface for ABO was completed in Q1 2015 and is currently available under Controlled Deployment for either store-level or ABO Central. ¶-Can be used with new POS licenses, including small store licenses ISS45 or ScanMaster Express, and system migrations among ACS, ISS45 and ScanMaster. Not valid for existing sites, license transfers, reactivations or relicenses, or in any site other than the one in which the companion POS software is installed. Not valid for special promotions or exception pricing unless expressly authorized in the promotion or exception document. ¶-The software maintenance (SWM) price quoted is the annual rate that will be invoiced to the Channel Partner by NCR for Level 3 and Level 4 support. Level 1 and Level 2 support must be provided by the Channel Partner to the end user: direct end-user support from NCR is not available for the ABO system. Channel Partners may consider multiplying the Level 3 - Level 4 SWM from NCR by 1.67 to account for the Channel Partner's own Level 1 - Level 2 services to thereby develop prices for end-to-end software maintenance and support.

### Pricing and Release Notes

▶ Partner Net Price: \$995. See Configuration Note for additional release information. ◀

<b>G370-3623-CMPN</b>	<b>— NCR ABO Advanced Back Office Store Level Application, Large Store (6+ POS Lanes), New Companion License</b>	<b>\$4,495</b>		<b>\$468</b>
-----------------------	--	----------------	--	--------------

### LG STORE COMPANION

This LPIN can be used only to add ABO to POS system license orders for new ACS, ScanMaster or ISS45. Use this LPIN for companion ABO orders for sites with 6+ lanes, and use instead PIN NCR-G370-3624-CMPN for 1-5 lane stores. For stand-alone order that do not qualify for this special companion pricing (without new POS license purchases) use instead NCR-G370-3623-0000, which provides the identical functions and capabilities. ▲▲ See Configuration Note for the first item in this section for additional configuration information.▲▲

Partner Net Price: \$995. See Configuration Note for additional release information.

ScanMaster System Software: RBO Companion Back Office		List Price	Install Price	Maint Price
PIN	Description			

<b>G330-0566-0000</b>	<b>— RBO Base System (SQL) w/DSD Companion License for New ScanMaster</b>	<b>\$4,495</b>	<b>\$500</b>	<b>\$794</b>
-----------------------	---	----------------	--------------	--------------

### RBO w/DSD COMPANION

This item was previously listed as StoreNext PIN: RB200S-SM45180RBOD-SN. ¶-This PIN can be used to add companion RBO to orders for new ScanMaster licenses. This PIN must appear on the same Sales Order as the POS system. Can be used with new POS licenses, including small store licenses, ScanMaster Express, and system migrations from ACS or ISS45. ¶-RBO companion licenses are not transferrable: these licenses may be used only in the same site in which the qualifying POS software is installed. ¶-Not valid for existing ScanMaster sites, license transfers, reactivations or relicenses. In such cases use instead RBO PINs RB200SSN + NT130SN at standard prices and discounts ¶-Not valid with special promotions or exception pricing unless expressly authorized in the promotion offer or Exception document. ¶-RBO software support and maintenance is mandatory for the first year, and must be activated within 60 days of the software shipment. Licenses with activations delayed beyond 60 days will expire null and void. See RBO bulletins for details.

Partner Net Price: \$995. RBO licensed As-Is: No support after 31-Dec-17.

## ScanMaster Options

ScanMaster interfaces and options are listed in the sections below.

As with all ScanMaster license items now, these ScanMaster options and interfaces are not by the hardware content of the software order. Channel Partner prices and discounts for ScanMaster Interfaces and Options are the same regardless of simultaneous hardware purchases. See Announcement Feb16MRP.pdf (February 2016) for details.

ScanMaster Options: System Options		List Price	Install Price	Maint Price
PIN	Description			
<b>G330-0110-CP00</b>	<b>— ScanMaster Option, WinEPS/OpenEPS Software, Interface License, for Connected Payments Only</b>	<b>\$0</b>		
<b>WinEPS I/F w/CP</b>	Supported by ScanMaster as of V2 version 2.03.01. ¶-This interface is also required for Connected Payments, and is provided at no charge with all Connected Payments subscriptions. This item is available ONLY to Connected Payments subscribers. Those not subscribing to Connected Payments must order instead item NCR-G330-0110-0000. ¶-Orders for this item must include the executed signature page and Services Summary (Exhibit A) from the user's Connected Payments Subscription Agreement, showing the site and Connected Payments items subscribed. If sites or features are being added to an existing Connected Payments subscription, instead include the executed Change Order form from the Connected Payment subscription.	<b>No Charge to Partner.</b>		
<b>G330-0110-0000</b>	<b>— ScanMaster Option, WinEPS/OpenEPS Software Interface License</b>	<b>\$995</b>	<b>\$200</b>	<b>\$200</b>
<b>WinEPS INTERFACE</b>	This item was previously listed as StoreNext PIN: SM45180/063. ¶-Supported by ScanMaster as of ScanMaster V2 version 2.03.01. ¶-This interface is also required for Connected Payments, and is provided at no charge with all Connected Payments subscriptions.	<b>Do not use with Connected Payments - use CP version instead at \$0.</b>		
<b>G330-0107-0000</b>	<b>— ScanMaster Option, Electronic Coupon Package License</b>	<b>\$995</b>	<b>\$100</b>	<b>\$100</b>
<b>ELCTRNC COUPON</b>	This item was previously listed as StoreNext PIN: SM45180/045. ¶-Included in all new ScanMaster Standard, Espresso and Express systems as of July 24, 2006. Required for upgrade orders of previously-installed systems only.			
<b>G330-0111-CP00</b>	<b>— ScanMaster Option, Signature Capture License, for Connected Payments Only</b>	<b>\$0</b>		
<b>SIG-CAP w/CP</b>	ScanMaster V2 only. Requires ScanMaster WinEPS/OpenEPS interface available with ScanMaster 2.03.01. ¶- This item is provided at no charge with all Connected Payments subscriptions. This item is available ONLY to Connected Payments subscribers. Those not subscribing to Connected Payments must order instead item NCR-G330-0111-0000. ¶-Orders for this item must include the executed signature page and Services Summary (Exhibit A) from the user's Connected Payments Subscription Agreement, showing the site and Connected Payments items subscribed. If sites or features are being added to an existing Connected Payments subscription, instead include the executed Change Order form from the Connected Payment subscription.	<b>No Charge to Partner.</b>		
<b>G330-0111-0000</b>	<b>— ScanMaster Option, Signature Capture License</b>	<b>\$595</b>	<b>\$100</b>	<b>\$100</b>
<b>SIG-CAP</b>	This item was previously listed as StoreNext PIN: SM45180/076. ¶-ScanMaster V2 only. Requires ScanMaster WinEPS/OpenEPS interface available with ScanMaster 2.03.01.	<b>Do not use with Connected Payments - use CP version instead at \$0.</b>		
<b>G330-0112-CP00</b>	<b>— ScanMaster Option, Electronic Check Conversion (ECC), for Connected Payments Only</b>	<b>\$0</b>	<b>\$100</b>	<b>\$100</b>
<b>ECC w/CP (no Imaging)</b>	ScanMaster V2 only. Requires ScanMaster WinEPS/OpenEPS interface available with ScanMaster 2.03.01. ¶- This item is provided at no charge with all Connected Payments subscriptions. This item is available ONLY to Connected Payments subscribers. Those not subscribing to Connected Payments must order instead item NCR-G330-0112-0000. ¶-Orders for this item must include the executed signature page and Services Summary (Exhibit A) from the user's Connected Payments Subscription Agreement, showing the site and Connected Payments items subscribed. If sites or features are being added to an existing Connected Payments subscription, instead include the executed Change Order form from the Connected Payment subscription.			
<b>G330-0112-0000</b>	<b>— ScanMaster Option, Electronic Check Conversion (ECC) License</b>	<b>\$995</b>	<b>\$100</b>	<b>\$100</b>
<b>ECC (No Imaging)</b>	This item was previously listed as StoreNext PIN: SM45180/077. ¶-ScanMaster V2 only. Requires ScanMaster WinEPS/OpenEPS interface available with ScanMaster 2.03.01.	<b>Do not use with Connected Payments - use CP version instead at \$0.</b>		

<b>G330-0113-CP00</b>	<b>— ScanMaster Option, Gift Card/Blackhawk (V2 Only), for Connected Payments Summit Option Only</b>	<b>\$0</b>		
<b>BLACKHWK w/CP</b>	Supports BlackHawk and InComm gift card systems. ¶-Requires Connected Payments or WinEPS and WinEPS interface (OpenEPS). ¶-InComm and Blackhawk require end-user chains to pass their certification testing in the first (and possibly subsequent sites) before going live. ¶-This item is provided at no charge with all Connected Payments subscriptions. This item is available ONLY to Connected Payments subscribers. Those not subscribing to Connected Payments must order instead item NCR-G330-0113-0000. ¶-Orders for this item must include the executed signature page and Services Summary (Exhibit A) from the user's Connected Payments Subscription Agreement, showing the site and Connected Payments items subscribed. If sites or features are being added to an existing Connected Payments subscription, instead include the executed Change Order form from the Connected Payment subscription.		No Charge to Partner.	
<b>G330-0113-0000</b>	<b>— ScanMaster Option, Gift Card/Blackhawk (V2 Only)</b>	<b>\$995</b>	<b>\$100</b>	<b>\$100</b>
<b>BLACKHWK</b>	This item was previously listed as StoreNext PIN: SM45180/084. ¶-Supports BlackHawk and InComm gift card systems. ¶-Requires Connected Payments or WinEPS and WinEPS interface (OpenEPS). ¶-InComm and Blackhawk require end-user chains to pass their certification testing in the first (and possibly subsequent sites) before going live.		Do not use with Connected Payments - use CP version instead at \$0.	
<b>G330-0253-0000</b>	<b>— ScanMaster Option, Smart-Card eWIC Option License (V2 Only)</b>	<b>\$495</b>	<b>\$100</b>	<b>\$100</b>
<b>SMARTCARD eWIC</b>	This item was previously listed as StoreNext PIN: SM45180/094. ¶-Provides smart-card WIC functions as used in the Ohio WIC operations specification. Requires that hardware combinations be certified – see the Compatibility Matrix Page on the Channel Partner Support website. ¶-The ScanMaster Smart-Card eWIC option is written to Version 4 of the national smart-card eWIC specification. As of September 2015, Ohio was the only state using Version 4; the Texas-NM smart-card eWIC group is currently on Version 2, but will eventually move to Version 4. Ohio also uses HTTP for communications, while other states (TX/NM, Wyoming etc.) use FTP. The ScanMaster smart-card eWIC option is not backwards-compatible to the Version 2 specification. ¶-This product supports the HTTPS communications used by Ohio for post-transaction reporting. (The Texas-NM operation uses FTP.) The ScanMaster Smart-Card eWIC Option will be updated to add FTP communications when the TX/NM group implements the Version 4 national smart-card eWIC specification. ¶-This option is independent of Connected Payments/ServerEPS or WinEPS hosting functions - no network authorizations or upstream communications are required during the smart-card eWIC transaction since the card's internal chip provides and stores all the required information. WinEPS or Connected Payments is nonetheless required, to manage the PIN pad software and POS interface. ¶-This option is supported by ScanMaster starting with version 2.09.00-110. Requires WinEPS or Connected Payments. ¶-PIN pad requires Ohio WIC key for smart-card support. For new Equinox terminals, order 7952-K155-V001 for factory injection, or order instead 7952-K301-V001 to use Equinox Remote Key Injection (RKI) existing deployed terminals.			
<b>G330-0109-0000</b>	<b>— ScanMaster Option, FSA Option (V2 Only)</b>	<b>\$995</b>	<b>\$200</b>	<b>\$100</b>
<b>FSA</b>	This item was previously listed as StoreNext PIN: SM45180/086. ¶-For ScanMaster V2 only. Requires WinEPS or Connected Payments. ¶-This option provides IAS, which is required to conduct transactions with FSA/HRA/HSA-eligible items, and accept benefits debit media. Available as of ScanMaster Version 2.5.0. See the FSA Update Bulletin for details.			
<b>G330-0104-0000</b>	<b>— ScanMaster Option, LaneHawk Adapter/Interface (V2 Only)</b>	<b>\$995</b>		
<b>SCANMASTR LANEHAWK</b>	This item was previously listed as StoreNext PIN: SM45180/092. ¶-Required for all LaneHawk installations with ScanMaster V2. The LaneHawk adapter is not available with ScanMaster V1. ¶-The ScanMaster V2 Adapter/Interface is available as of the 2.07.00-050 release, but note that more recent releases will have updated and improved LaneHawk features – see the LaneHawk Features Summary available on the Solution Provider website. ¶-The LaneHawk adapter supports touch-screen or “TeamKey”-style implementations only. Keyboard-only implementations are not supported. “DynaKey” support may be provided in a future release - see the ScanMaster Roadmap.			
<b>G770-0082-0000</b>	<b>— ScanMaster Option, SIL HostLink Package License</b>	<b>\$995</b>	<b>\$100</b>	<b>\$90</b>
<b>SIL</b>	This item was previously listed as StoreNext PIN: SM45025/001. ¶-Provides interface to hosts and functions using Standard Interchange Language (SIL) hosts, interfaces and functions. Includes SIL engine as well as ScanMaster SIL interpreter and interface. Use this item ONLY when purchasing a new SIL HostLink interface and engine for ScanMaster. ¶-If migrating from ISS45 and the ISS45 SIL Engine and Interface was already purchased (G770-0046-0000 or StoreNext 45025/001), or if migrating from ScanMaster and the ScanMaster SIL HostLink Package (G770-0082-0000 or StoreNext SM45025/001) was purchased, order instead the \$0 migration item for this product, G770-0046-000M.			
<b>G330-0106-0000</b>	<b>— ScanMaster Option, Vision Value (V1) or S&amp;H GreenPoints (V2) Software Interface Package License (Required for G330-0105-0000)</b>	<b>\$995</b>	<b>\$400</b>	<b>\$100</b>
<b>ProLogic Non-TCP/IP</b>	This item was previously listed as StoreNext PIN: SM45180/007. ¶-Does not provide TCP/IP interface support. If this is required, order IN ADDITION G330-0105-0000. Both are required to support the TCP/IP capability for this interface.			

<b>G330-0105-0000</b>	<b>— ScanMaster Option, AppCard /ProLogic / YOUTech / S&amp;H GreenPoints Directed TCP/IP Interface License (V2 Only) REQUIRES G330-0105-0000</b>	<b>\$995</b>	<b>\$200</b>	<b>\$100</b>
<b>ProLogic TCP/IP</b>	This item was previously listed as StoreNext PIN: SM45180/089. ¶-Required for ScanMaster use with S&H TCP/IP directed networked interface. ¶-For use with ScanMaster V2 only. This product requires G330-0106-0000 IN ADDITION.			
<b>G330-0567-0000</b>	<b>— ScanMaster Upgrade, ScanMaster Express Software License to Standard ScanMaster License</b>	<b>\$2,995</b>	<b>\$400</b>	
<b>EXPRESS UPGRADE</b>	This item was previously listed as StoreNext PIN: SM45180/039. ¶-Upgrade to full ScanMaster price is regardless of 1-Lane, 2-Lane, 3-Lane, 4-Lane or 5-Lane configuration. Does not include hardware or Pervasive PSQL database platform software licenses.			
<b>G330-0098-0000</b>	<b>— ScanMaster Option, NCR SSCO POS Terminal Interface License</b>	<b>\$1,150</b>		
<b>SM SSCO INTERFACE</b>	This item was previously listed as StoreNext PIN: SSCOSMIF. ¶-For NCR SSCO use with ScanMaster software. One required per SSCO checkout lane. Not required for SSCO RAP Station (unless RAP Station is equipped with at POS terminal enabling checkout and tender functions). ¶-ScanMaster lanes used with SSCO require a ScanMaster POS lane license (G330-0121-0000, G330-0123-0000 or equivalent license). ¶-Available for ScanMaster V2 only. Requires current version of ScanMaster 2.09 or later. Partner Net Price: \$747.50.			
<b>G330-0114-0000</b>	<b>— ScanMaster Option, Transaction Broker Option for NCR FastLane R3</b>	<b>\$1,695</b>	<b>\$100</b>	<b>\$100</b>
<b>FASTLANE R3</b>	This item was previously listed as StoreNext PIN: SM45180/FLT.B. ¶-Provides Transaction Broker software to interface ScanMaster to FastLane. One required per lane. Requires FastLane interface from FastLane vendor. Requires additional ScanMaster POS lane license for every FastLane checkout station. Partner Net Price: \$1,695.			
<b>G330-0099-0000</b>	<b>— ScanMaster Option, IBM Terminal Platform (V2 Only)</b>	<b>\$95</b>		
<b>SM IBM PLATFORM</b>	This item was previously listed as StoreNext PIN: SM45180/090. ¶-Must be included on all orders for IBM terminals to be used with ScanMaster where ScanMaster software is not being ordered (for example, hardware upgrades for existing stores). Not required for Express or Espresso orders or where ScanMaster software licenses of any kind are being ordered with the hardware. When required, order 1 @ per store. ¶-Not required when Connected Payments, Connected Services or other subscription services are being ordered with the IBM hardware. Note the Key Replacement services cannot be recognized as a software purchase.			
<b>G330-0242-0000</b>	<b>— ScanMaster Option, RORC Interface (V1/V2)</b>	<b>\$995</b>	<b>\$200</b>	<b>\$100</b>
<b>RORC INTERFACE</b>	This item was previously listed as StoreNext PIN: SM45180/088. ¶-Required to interface ScanMaster V1 or V2 system to RORC. Requires ScanMaster version 2.04.01-050 or 1.04.01-050 or later.			
<b>G330-0200-CP00</b>	<b>— WinEPS/OpenEPS In-Store Payments System for ENCOR, ISS45 and ScanMaster, for Connected Payments Only</b>	<b>\$0</b>		
<b>OpenEPS w/CP</b>	Provides WinEPS/OpenEPS functions for ISS45 or ScanMaster. Requires ISS45 or ScanMaster WinEPS/OpenEPS interface option (G330-0073-CP00 for ISS45 or G330-0110-CP00 for ScanMaster). ¶-This item is provided at no charge with all Connected Payments subscriptions. This item is available ONLY to Connected Payments subscribers. Those not subscribing to Connected Payments must order instead item G330-0200-0000. ¶-Orders for this item must include the executed signature page and Services Summary (Exhibit A) from the user's Connected Payments Subscription Agreement, showing the site and Connected Payments items subscribed. If sites or features are being added to an existing Connected Payments subscription, instead include the executed Change Order form from the Connected Payment subscription. No Charge to Partner.			
<b>G330-0200-0000</b>	<b>— WinEPS In-Store Payments System for ScanMaster</b>	<b>\$2,495</b>	<b>\$300</b>	<b>\$700</b>
	This item was previously listed as StoreNext PIN: SM45180/064. ¶-This item withdrawn and replaced by Connected Payments. Partner Net Price: \$1,500.			
<b>G330-0108-0000</b>	<b>— ScanMaster Option, FM Terminal Support Package License</b>	<b>\$795</b>	<b>\$200</b>	<b>\$300</b>
<b>FM</b>	This item was previously listed as StoreNext PIN: SM45180/025. ¶-Support, consultations or updates are no longer available from NCR Support for this product - new licenses are available on an as-is basis only. Please note: as new fields are added to the ScanMaster file system, this FM application will not support them and could overwrite any such new fields. ¶-The Retalix Pittsburgh dealership has knowledge and expertise for this product. Channel Partners may contact Steve Swan at Retalix Pittsburgh (steve.swan@ncr.com) to arrange for assistance at this dealership's then-current professional services rates. ¶-Product provides software license only - no FM or other hardware is included. Item available As-Is: No longer supported.			

---

**G330-0190-00KU — Software License Enablement Key (HASP), Update Service for \$0 Software, per Key \$0**

**NO-CHARGE  
KEY SERVICE**

This item was previously listed as StoreNext PIN: 45000/010KU.

¶-Required for updates to a License Enablement/Protection Key (HASP) for software key requirements when other PIN/PID is required. ¶-For example, updating a key to add a feature that was previously licensed but not previously required or enabled on the key, use this \$0 item on your purchase order, thereby having a valid item to order. This item is NOT REQUIRED when purchasing software options or license additions regardless of price. ¶-For email updates to original keys only. Do not order this item if the physical HASP keys need replacement. No new keys will be provided by ordering this item. If new keys are needed, select instead G330-0190-0000 (Software License Enablement Key (HASP), Replacement Service and Shipping, per Key).

No Charge to Partner.

---

**G330-0190-0000 — Software License Enablement Key (HASP), Replacement Service and Shipping, per Key \$75**

**HASP KEY  
REPLACMNT**

This item was previously listed as StoreNext PIN: 45000/010.

¶-Required for replacement of each License Enablement/Protection Key (HASP). ¶-Order 2@ for dual-key ISS45 system, or 1@ for ENCOR or ScanMaster. When new keys are created, both keys in an original ISS45 key pair must be specified and replaced. ¶-Can be used to update early-version Parallel HASP keys, damaged, faulty, USB keys etc. Do not order this item unless the physical HASP keys need replacement. For updating software keys for \$0 orders for that application software, select instead item G330-0190-00KU. ¶-All License Enablement Keys remain the property of NCR. This item's price is for the creation, service and shipping only. ¶-All orders for this item must include a copy of the most recent SKIF (from the last change to the system), showing the current key and license status. In addition, the new SKIF (Excel version only) must be provided, which uses the "Replacement Key" option. The new keys will include only those items included on the previous keys. ¶-Keys replaced by the new key must be returned. By tendering an order for this item, the Channel Partner agrees to be responsible for the value of the software license protected by the key(s) and will be invoiced if the old keys are not returned promptly. ¶-Orders for this item will be accepted only upon approval of NCR Management. NCR reserves the right to decline any order.

**Pricing Note** ▶ ▶ Partner Net Price: \$75. ◀

---

*Unless otherwise indicated, Authorized NCR ScanMaster Channel Partners can apply their POS Application Software discount to the ScanMaster items listed above. ScanMaster software discount percentages are not affected by corresponding hardware orders. Your discounts are specified in your NCR Interact Solution Provider Agreement - see also the NCR Discount Policy for details.*

## ScanMaster Options

### ScanMaster Options: Solidcore

PIN	Description	List Price	Install Price	Maint Price
<b>G770-0305-0000</b>	<b>— Solidcore S3 OEM Embedded for ENCOR, ISS45 or ScanMaster</b>	<b>\$495</b>	<b>\$100</b>	<b>\$50</b>
<b>SOLIDCORE</b>	<p>This item was previously listed as StoreNext PIN: SCS3UG.</p> <p>¶-Provides McAfee Solidcore S3 OEM Embedded license for ENCOR, ISS45 or ScanMaster systems. Not compatible with ACS or ACS-IR. For sites owning this license and migrating to ENCOR from ISS45 or ScanMaster, order instead the \$0 migration item G770-0305-000M (ACS or ACS-IR sites migrating to ENCOR are not eligible for G770-0305-000M and must order THIS item G770-0305-0000). ¶-Solidcore was supplied at no charge (to Solidcore-Authorized Dealers) on new ISS45 or ScanMaster POS systems for the period between December 1, 2006 through December 2008 (the priced Solidcore license version was required for upgrades to prior ISS45 and ScanMaster system shipments.) When the no-charge license period ended, Solidcore-Authorized Channel Partners were offered a window to retroactively equip systems that would have otherwise qualified. All unfulfilled license rights to the no-charge Solidcore were waived at the expiration of that window, and all Solidcore licenses for new and deployed systems must be purchased at the published prices. ¶-Channel Partners must be Solidcore-Authorized to order Solidcore or receive software or software keys enabling Solidcore licenses. ¶-When needing Solidcore S3 for non-POS system components (that is, those PCs and servers in a store that are not POS terminals or workstations or controller/servers for the ISS45 or ScanMaster system), order instead G770-0305-WSTR if Solidcore for the site (G770-0305-0000 or G770-0305-000M) is ordered on the same P.O. If Solidcore is NOT ordered for the site on the same P.O., instead order G770-0305-NSTR. Items G770-0305-WSTR and G770-0305-NSTR are not attached or part of any NCR POS system and therefore NOT AFFECTED in cases of POS migrations.</p>			
Pricing Note ▶ ▶ Partner Net Price: \$297. ◀				
<b>G770-0305-WSTR</b>	<b>— Solidcore S3 Stand-Alone PC/Server License and Key - if Ordered and Installed with G770-0305-0000</b>	<b>\$110</b>	<b>\$35</b>	
<b>S3 BOX w/STORE LIC</b>	<p>This item was previously listed as StoreNext PIN: SCS3US.</p> <p>¶-For use only on stand-alone PCs that are not formal components of the ENCOR, ISS45 or ScanMaster POS system (that is, not a POS, Controller or Workstation or WinEPS box). This item is to be used in cases where a PC or server in the store may be networked to a POS component (or not) but is not part of the POS system itself. This item ships with a software key which enables Solidcore S3 to install and operate on that PC/server only. Order one unit per stand-alone PC or server in the store. ¶-This item may be used only in cases where Solidcore S3 Embedded (G770-0305-0000) is ordered on the same P.O. for the same site. ¶-Items G770-0305-WSTR and G770-0305-NSTR are not attached or part of any NCR POS system and therefore NOT AFFECTED in cases of POS migrations.</p>			Partner Net Price: \$66.
<b>G770-0305-NSTR</b>	<b>— Solidcore S3 Stand-Alone PC/Server License and Key - if Not Ordered and Installed with G770-0305-0000</b>	<b>\$225</b>	<b>\$35</b>	
<b>S3 BOX w/o STORE LIC</b>	<p>This item was previously listed as StoreNext PIN: SCS3USN.</p> <p>¶-For use only on stand-alone PCs that are not formal components of the ENCOR, ISS45 or ScanMaster POS system (that is, not a POS, Controller or Workstation or WinEPS box). This item is to be used in cases where a PC or server in the store may be networked to a POS component (or not) but is not part of the POS system itself. This item ships with a software key which enables Solidcore S3 to install and operate on that PC/server only. Order one unit per stand-alone PC or server in the store. ¶-This item may be used in all situations, including those in which Solidcore S3 Embedded (G770-0305-0000) is not ordered on the same P.O. or for the same site. ¶-Items G770-0305-WSTR and G770-0305-NSTR are not attached or part of any NCR POS system and therefore NOT AFFECTED in cases of POS migrations.</p>			Partner Net Price: \$135.

## License Modifications

The following upgrade licenses are required to upgrade "pre-StoreNext" releases to ScanMaster Version 2.

A Channel Partners must have 100% of its ScanMaster users registered for Software Maintenance and Support (SMS) for these items to apply. Unregistered sites or sites not on SMS may not upgrade. Contact your NCR CAM to arrange upgrades and pricing in unusual circumstances.

License Modifications: ScanMaster Upgrades		List Price	Install Price	Maint Price
PIN	Description			
<b>G330-0126-0000</b>	<b>— ScanMaster Upgrade, Any V1 upgrade to ScanMaster V2 versions (V2.1.2 and above)</b>	<b>\$2,195</b>	<b>\$400</b>	<b>\$895</b>
<b>V1 TO V2 UPGRADE</b>	<p>This item was previously listed as StoreNext PIN: SM45180/051.</p> <p>¶-Upgrade license covers software and all existing store options – options not currently licensed must be added under standard terms and conditions. Requires proof of original order, definition of software key/SKIF, store name and address etc. ¶-Must be ordered to receive license enablement software key (HASP).</p> <p>Pervasive database required, orderable separately. ¶-The List Price of this item as of October 1, 2005 is \$2,195.</p>		Note time limit details in the Configuration Notes.	
<b>G330-0125-0000</b>	<b>— ScanMaster Upgrade, Any Pre-StoreNext V2 upgrade to Current ScanMaster V2 versions (V2.1.2 and above)</b>	<b>\$0</b>	<b>\$200</b>	<b>\$895</b>
<b>OLD V2 UPGRADE</b>	<p>This item was previously listed as StoreNext PIN: SM45180/052.</p> <p>¶-Upgrade license covers software and all existing store options – options not currently licensed must be added under standard terms and conditions. Requires proof of original order, definition of software key/SKIF, store name and address etc. ¶-Must be ordered to receive license enablement software key (HASP). ¶-Requires new Pervasive PSQL database platform purchase.</p>			
<b>G330-0258-0000</b>	<b>— ScanMaster POS Software, Per Lane, License, Upgrade from Non-DynaKey to DynaKey Version</b>	<b>\$0</b>	<b>\$60</b>	
<b>DNKY UPGR w/HRDWARE</b>	<p>This item was previously listed as StoreNext PIN: SM45455/001DU-HW.</p> <p>¶-Use this PIN to upgrade a non-DynaKey ScanMaster POS license to a ScanMaster POS license with DynaKey support. Order one (1) per lane in cases when the end user does not have DynaKey-enabled ScanMaster lane licenses, but now wishes to implement DynaKey displays/keyboards with their ScanMaster system. ¶-Use of this PIN no longer requires a simultaneous hardware order. As of April 1, 2016, standard Channel Partner discounts apply to this item, with or without a simultaneous hardware purchase. All "without-hardware" PINs/PIDs have been withdrawn. ¶-Orders must be accompanied by the ScanMaster SKIF for the site.</p>		The License Key update service fee no longer applies.	
<b>G330-0103-0000</b>	<b>— ScanMaster POS Software, Per Lane, License, Upgrade from Non-DynaKey to DynaKey Version (use without DynaKey purchase)</b>	<b>\$250</b>	<b>\$60</b>	
	<p>This item was previously listed as StoreNext PIN: SM45455/001DU-NOHW.</p> <p>¶-All hardware/no-hardware differentiated PINs and pricing were withdrawn as of April 1, 2016 as per the Announcement on February 18. The With-Hardware PINs/PIDs will continue in use with their new prices also effective April 1.</p>		Withdrawn: No additional orders can be accepted. Item Withdrawn.	
<b>G330-0190-00KU</b>	<b>— Software License Enablement Key (HASP), Update Service for \$0 Software, per Key</b>	<b>\$0</b>		
<b>NO-CHARGE KEY SERVICE</b>	<p>This item was previously listed as StoreNext PIN: 45000/010KU.</p> <p>¶-Required for updates to a License Enablement/Protection Key (HASP) for software key requirements when other PIN/PID is required. ¶-For example, updating a key to add a feature that was previously licensed but not previously required or enabled on the key, use this \$0 item on your purchase order, thereby having a valid item to order. This item is NOT REQUIRED when purchasing software options or license additions regardless of price.</p> <p>¶-For email updates to original keys only. Do not order this item if the physical HASP keys need replacement. No new keys will be provided by ordering this item. If new keys are needed, select instead G330-0190-0000 (Software License Enablement Key (HASP), Replacement Service and Shipping, per Key).</p>		No Charge to Partner.	

---

**G330-0190-0000 — Software License Enablement Key (HASP), Replacement Service \$75  
and Shipping, per Key**

**HASP KEY  
REPLACMNT**

This item was previously listed as StoreNext PIN: 45000/010.

¶-Required for replacement of each License Enablement/Protection Key (HASP). ¶-Order 2@ for dual-key ISS45 system, or 1@ for ENCOR or ScanMaster. When new keys are created, both keys in an original ISS45 key pair must be specified and replaced. ¶-Can be used to update early-version Parallel HASP keys, damaged, faulty, USB keys etc. Do not order this item unless the physical HASP keys need replacement. ## License Modifications

Information regarding ScanMaster Migration offers is listed in the Configuration Notes for these items below. A Migration Opportunity Summary (MOS) is required when ordering any ScanMaster migration.

For additional details and eligibility information, see the Announcement regarding migrations (Jun14Mig-2.pdf) from the Solution Provider Support website, on the Announcements and Updates Page.

The required MOS form is also located with that Announcement.

### License Modifications: ScanMaster Migrations

PIN	Description	List Price	Install Price	Maint Price
<b>G330-0120-0000</b>	<b>— ScanMaster Licensing, Migration per Store from all ISS45 to ScanMaster V2</b>	<b>\$5,000</b>	<b>\$400</b>	<b>\$895</b>

#### FROM ISS45 MIGRATION

This item was previously listed as StoreNext PIN: SM44555/001ISS.

¶-For migrating to any ScanMaster from any ISS45 store. Includes POS lane counts needed for self-checkout and attendant stations and the self-checkout Interfaces, but does not include any self-checkout software or upgrades that might be necessary. New options, additional lanes or workstations, software or hardware platforms etc. are not included and must be purchased under standard terms and conditions. Requires proof of original order, definition and return of ISS45 Software Keys, store name and address etc. ¶-This is a specially priced offer requiring a Migration Opportunity Summary (MOS) to be approved in advance by NCR Sales Management. See the Migration Announcement (initial release June 15, 2014) for details. Non-Affinity fees for hardware or software maintenance (SMS/SWM or Hardware Maintenance) will apply if a different Authorized Channel Partner has been selling or maintaining the site. ¶-The existing POS system must be installed and currently operating in the store in which the newly licensed/migrated POS application will be used. Migrations will not be accepted from incumbent software that was loaded and/or purchased via used equipment, from de-installed or closed stores, or any stores that have been removed from software maintenance (SMS or SWM). ¶-POS system migrations (among ACS, ISS45 or ScanMaster only) qualify for ABO (or RBO) companion software at special pricing. See the Announcement and Update bulletins. ¶-All applicable ScanMaster features and options, interfaces etc. must appear on the purchase order, whether covered by the migration offer (at \$0) or being purchased above and beyond the scope of the replaced system.

Pricing and Release Notes ▶ Partner Net Price: \$3,000. Migration Opportunity Summary (MOS) no longer required. ◀

<b>G330-0119-0000</b>	<b>— ScanMaster Licensing, Migration per Store from ACS or ACS-IR to ScanMaster V2</b>	<b>\$5,000</b>	<b>\$400</b>	<b>\$895</b>
-----------------------	--	----------------	--------------	--------------

#### FROM ACS MIGRATION

This item was previously listed as StoreNext PIN: SM44555/001ACS.

¶-For migrating to ScanMaster from ACS or ACS-IR site. Covers software for like number of terminals, workstations, and like options so far as are available from the original ACS/ACS-IR store. Includes POS lane counts needed for self-checkout and attendant stations and the self-checkout Interfaces, but does not include any self-checkout software or upgrades that might be necessary. New options, additional lanes or workstations, software or hardware platforms etc. are not included and must be purchased under standard terms and conditions. ¶-This is a specially priced offer requiring a Migration Opportunity Summary (MOS) to be approved in advance by NCR Sales Management. See the Migration Announcement (initial release June 15, 2014) for details. Non-Affinity fees for hardware or software maintenance (SMS/SWM or Hardware Maintenance) will apply if a different Authorized Channel Partner has been selling or maintaining the site. ¶-The existing POS system must be installed and currently operating in the store in which the newly licensed/migrated POS application will be used. Migrations will not be accepted from incumbent software that was loaded and/or purchased via used equipment, from de-installed or closed stores, or any stores that have been removed from software maintenance (SMS or SWM). Migrations are not available to ISS45 or ScanMaster Express or Espresso. ¶-POS system migrations (among ACS, ISS45 or ScanMaster only) qualify for ABO (or RBO) companion software at special pricing. See the Announcement and Update bulletins. ¶-All applicable ScanMaster features and options, interfaces etc. must appear on the purchase order, whether covered by the migration offer (at \$0) or being purchased above and beyond the scope of the replaced system.

Pricing and Release Notes ▶ Partner Net Price: \$3,000. Migration Opportunity Summary (MOS) no longer required. ◀

<b>G330-0118-0000</b>	<b>— ScanMaster Base Application, Zero-Lane History-Only License for Use After POS Migration to Other Retailx or NCR System</b>	<b>\$100</b>		
-----------------------	---	--------------	--	--

#### ZERO LANE HIST ONLY

This item was previously listed as StoreNext PIN: SM44555/001ZMH.

¶-This license enables a former ScanMaster V2 user to maintain history and records after migrating to another Retailx or NCR POS product. This license requires, and must be ordered with, a POS migration order from ScanMaster to ACS or ISS45: it is not available for any other circumstances. ¶-The original pre-migration ScanMaster key must be returned before the order for this license will be processed. The original SKIF matching the keys is required. ¶-This license provides the ScanMaster controller software only. No POS lanes, workstations, interfaces or options are included or may be purchased for this license or key. ¶-Under no circumstances may this license be upgraded to add lanes, workstations or other options. ¶-Zero-Lane History Licenses of this type are exempt from SWM/SMS.

Partner Net Price: \$100.

## License Modifications

### License Modifications: ScanMaster Transfers and Reactivations

PIN	Description	List Price	Install Price	Maint Price
<b>G330-0100-0000</b>	<b>— ScanMaster Licensing, Lane Transfer Fee, per Lane</b>	<b>\$300</b>		
<b>LANE TRANSFER</b>	<p>This item was previously listed as StoreNext PIN: SM45000/106.</p> <p>¶-Per lane charge to transfer a lane of POS from one ScanMaster store license to a different ScanMaster store license. Both stores must have the same owner. Both stores must be live and current for SMS. Applies for "standard" licenses only: lane transfers to or from Express or Espresso systems not available without written Exception from StoreNext. See Policy CO07 for details. ¶-The order must include the PIN on the P.O. with the dealer net price times the number of lanes. The SKIF for both the "receiving" and the "donating" stores must be included, showing the lane changes. Dealers will receive two key change files, one for each of the affected stores. The dealer is responsible for applying both files, and must certify that the "downgrade" was performed as well as the "upgrade."</p>			Partner Net Price: \$300.
<b>G330-0102-0000</b>	<b>— ScanMaster Licensing, Replacement, New Store Ownership, All ScanMaster, Per Store</b>	<b>\$1,500</b>		
<b>REPLACE FULL STORE</b>	<p>This item was previously listed as StoreNext PIN: SM45000/122.</p> <p>¶-Provides replacement of a site's previous ScanMaster POS application license including all pre-existing options to a new owner when an existing store has been sold complete and in-place. This replacement fee is applied per store, regardless of POS lane count or options. ¶-All ScanMaster licenses expire null and void when the underlying system is removed from the original licensor's premises or if the site and system is sold. As a courtesy to the new store owner, NCR currently offers this License Replacement service, which replaces the original voided license with a new license that duplicates the software options and capabilities from the previous license. ¶-The new replacement license will include all current ScanMaster application base software items and options that were part of the original (now voided) license. Does not add or subtract any currently available licensed items or options, nor change or reset any qualifications or prerequisites. This License Replacement service does not qualify the new licensee for special offers provided with new POS systems (such as RBO or ABO companion back-office offers). ¶-The store must have been live and operating with ScanMaster within 90 days of the sale and license replacement, and must have remained on NCR SMS/SWM. ¶-This license replacement can apply only to stores that have been sold in place to a new owner, with the system remaining as-is in the original store location. Not applicable to stores that have closed or were removed from SMS. Not applicable for POS hardware or resident software and equipment that has been de-installed or removed from the site and sold to a new owner. ¶-Order must include the most recent SKIF (unchanged) from the original license to be replaced as well as a NEW SKIF providing the updated store/company name but no changes in feature content or lane count from the original SKIF and the NCR records for those same key numbers. ¶-If the new licensee wishes to add new features simultaneously with the license replacement, order those additional line items on the purchase order to NCR. Otherwise the purchase order should only include the License Replacement PIN G330-0102-0000: do NOT include all the PINs for the various POS license items and options included in this replacement license. ¶-This replacement license will not result in the creation of any new software protection keys (HASPs) since the existing key(s) from the site will be used as-is. If new items are being simultaneously added to the transferred license, then the existing keys will be upgraded via the usual email method. ¶-The ScanMaster Replacement License covers the ScanMaster application software only. Software platforms, databases, utilities and other products are not included in this offer. Actian (Pervasive) forbids the transfer of a license from an end user — see the Pervasive End User License Agreement (EULA) — on the ScanMaster All-In-One Page of the NCR Solution Provider Website). The McAfee EULA also forbids license transfers, requiring Solidcore to be repurchased if the system ownership changes.</p>			
	<b>Pricing Note</b> ▶ ▶ Partner Net Price: \$1,500. ◀			
<b>G330-0101-0000</b>	<b>— ScanMaster Licensing, Reactivation Fee, per Lane</b>	<b>\$300</b>		
<b>REACTVTN</b>	<p>This item was previously listed as StoreNext PIN: SM45000/105.</p> <p>¶-This fee is used to reactivate a lapsed or canceled ScanMaster POS license. The fee is per lane fee and priced at dealer net (discounts not available). ¶-WHEN TO USE: If the POS system has been de-installed and/or software maintenance canceled, but now the original license owner desires to re-install the lapsed software license in the same or another site, order this item to reactivate the license. Only the license's owner of record may re-activate a license: An expired license or software loaded on a scrapped, transferred, resold etc. system cannot be used or reactivated. ¶-LICENSED FEATURES: Purchasing this item relicenses all (currently supported) POS software options that were previously licensed. New items, including lane counts, may be purchased and added to the license. The re-license will be provided using current product policies. ¶-LANE COUNTS: If the reactivated license has the same or fewer lanes than called out on the original SKIF, the reactivated license will include only the number of lanes ordered via this item. If additional lanes or any additional features are required beyond the original license, those lanes/features must be ordered using standard items, pricing and discounts for those features. ¶-SKIFs and Adjustment Requests: The most recent SKIF for the lapsed or canceled license (prior to the lapse) must accompany the order, which NCR will validate with the license archive. If new items will be added to the license or there are any changes in the license or configuration (including upgrades etc.) then a new SKIF must also be provided with the updated license configuration and items. For licenses that were canceled or suspended by the user, the Adjustment Request that was filed to remove the system from software support (SMS or SWM) must accompany the order. ¶-KEYS: All License Enablement Keys ("HASPS") are the property of NCR and must be returned if SMS is canceled or lapsed. If the key(s) from the original license have been returned to NCR, new keys will be provided at no additional charge as a part of the license reactivation. If keys were not returned and not available, then the order must also include the appropriate number of replacement keys (9613-0078-0000) at standard pricing. If the keys were not returned but are for some reason available (e.g. the customer did not return them to the Channel Partner) then no additional keys will be required and none will be provided. ¶-Replaces withdrawn item SM45180100</p>

## Professional Services

### Professional Services: Professional Services Unit

PIN	Description	List Price	Install Price	Maint Price
-----	-------------	------------	---------------	-------------

#### 9613-0007-0000 — NCR Professional Services, General

This item was previously listed as StoreNext PIN: 45000/005.

There is no MRP for this item.

### Professional Services: Key Upgrades and Replacement

PIN	Description	List Price	Install Price	Maint Price
-----	-------------	------------	---------------	-------------

#### G330-0190-00KU — Software License Enablement Key (HASP), Update Service for \$0 Software, per Key

\$0

**NO-CHARGE  
KEY SERVICE**

This item was previously listed as StoreNext PIN: 45000/010KU.

No Charge to Partner.

¶-Required for updates to a License Enablement/Protection Key (HASP) for software key requirements when other PIN/PID is required. ¶-For example, updating a key to add a feature that was previously licensed but not previously required or enabled on the key, use this \$0 item on your purchase order, thereby having a valid item to order. This item is NOT REQUIRED when purchasing software options or license additions regardless of price. ¶-For email updates to original keys only. Do not order this item if the physical HASP keys need replacement. No new keys will be provided by ordering this item. If new keys are needed, select instead G330-0190-0000 (Software License Enablement Key (HASP), Replacement Service and Shipping, per Key).

#### G330-0190-0000 — Software License Enablement Key (HASP), Replacement Service and Shipping, per Key \$75

**HASP KEY  
REPLACMNT**

This item was previously listed as StoreNext PIN: 45000/010.

¶-Required for replacement of each License Enablement/Protection Key (HASP). ¶-Order 2@ for dual-key ISS45 system, or 1@ for ENCOR or ScanMaster. When new keys are created, both keys in an original ISS45 key pair must be specified and replaced. ¶-Can be used to update early-version Parallel HASP keys, damaged, faulty, USB keys etc. Do not order this item unless the physical HASP keys need replacement. For updating software keys for \$0 orders for that application software, select instead item G330-0190-00KU. ¶-All License Enablement Keys remain the property of NCR. This item's price is for the creation, service and shipping only. ¶-All orders for this item must include a copy of the most recent SKIF (from the last change to the system), showing the current key and license status. In addition, the new SKIF (Excel version only) must be provided, which uses the "Replacement Key" option. The new keys will include only those items included on the previous keys. ¶-Keys replaced by the new key must be returned. By tendering an order for this item, the Channel Partner agrees to be responsible for the value of the software license protected by the key(s) and will be invoiced if the old keys are not returned promptly. ¶-Orders for this item will be accepted only upon approval of NCR Management. NCR reserves the right to decline any order.

# Configuration and Pricing

## Pervasive PSQL Workgoup Licenses

Pervasive PSQL Workgoup Licenses PIN	Description	List Price	Install Price	Maint Price
---	-------------	------------	---------------	-------------

**G770-0071-0000 — Pervasive Workgroup License, One Required per POS or Self-Checkout Lane and Workstation**

**\$50**

Partner Net Price: \$30.

**WORKGRP**

This item was previously listed as StoreNext PIN: PSQL-WKG-01.  
 ¶-Pervasive PSQL Workgroup license. One (1) Workgroup license is required for each ScanMaster POS and self-checkout lane, plus one (1) for each ScanMaster workstation. A Workgroup license is NOT required for the ScanMaster server/controller. ¶-For example, a store with five (7) POS lanes, four (4) self-checkout lanes and one (1) workstation would require twelve (7+4+1=12) Workgroup licenses. ¶-This PIN can be used for all Pervasive PSQL release versions (v8.x, 9.5, 10.x, 11 etc.). ¶-NOTE! PSQL Workgroup licenses are not upgradable. All Workgroup licenses in the PSQL system must be repurchased when PSQL is upgraded to a new major release. ¶-Replaces withdrawn item SMPCL

*Except where noted, Solution Providers will receive the standard discounts from the Platform discount schedule on the items immediately above in this section.*

# Pervasive PSQL Base Licenses

## Pervasive PSQL Base Licenses

PIN	Description	List Price	Install Price	Maint Price
<b>G770-0051-0000</b>	<b>— Pervasive User License, Base License, Pervasive PSQL V11, for up to 01 User</b>	<b>\$150</b>		
<b>01-USER BASE</b>	<p>This item was previously listed as StoreNext PIN: PSQL-BAS-01-11.</p> <p>¶-Pervasive PSQL Base license. An appropriately sized Pervasive PSQL license must be purchased with each new ScanMaster POS system (ScanMaster Express systems may include PSQL in the Express package and do not require a separate Pervasive PSQL purchase). New Pervasive PSQL Base Licenses cannot be ordered from NCR without a corresponding ScanMaster purchase. ¶-Exactly one Base license from this section is required for each Pervasive PSQL system. More Users can be to a Base license by ordering one or more of the User Count Increase (UCI) licenses (see that section below). For example, a 5-User Base license and a 3-User User Increase license can be combined to provide an 8-User license. To count the total number of user licenses required, add (1) for each ScanMaster POS or self-checkout lane, (1) per ScanMaster Workstation and (1) for the ScanMaster Server/Controller. ¶-PSQL Workgroup licenses must be ordered with each Pervasive system. One Workgroup license is required for each ScanMaster POS or self-checkout lane and each ScanMaster Workstation. A Workgroup license is NOT required for the ScanMaster Server/Controller. ¶-PSQL v11.3 (Service Pack 3) is the only PSQL version now available from NCR. All other versions have been withdrawn. PSQL v11.3 has been certified with ScanMaster 2.09.00-050 and above. See the ScanMaster Operating System and Database Matrix on the Channel Partner Support Website for complete information regarding Pervasive PSQL version compatibility with ScanMaster. ¶-Order only one Pervasive PSQL Base License per P.O. to avoid confusion regarding which PSQL User Count Increase (UCI) or PSQL Workgroup licenses are intended to be grouped with which PSQL Base license. ¶-Replaces withdrawn item SMPSL01 and withdrawn PIN SMPSL01V</p> <p><b>Pricing Note</b> ▶ ▶ Partner Net Price: \$113. ◀</p>
