

## Update Bulletin

### New Products and Configuration Changes

April 21, 2008

StoreNext has released several new ScanMaster options and keyboard options, as well as changed Fujitsu TeamPoS 3000 package configurations to use these options.

#### FUJITSU TEAMPOS 92U KEYBOARD – BLACK

The 92U keyboard is available in black, including new black cable and black keytop options. A new TeamPoS 3000 Configuration and Pricing reference bulletin will be available shortly that includes the following black keyboard items:

## REVISED TEAMPOS 3000 PACKAGES

TeamPoS 3000 packages are undergoing these changes:

- All TeamPoS 3000 XE packages and TeamPoS 3000 XL packages, including all Express and Espresso packages that use black TeamPoS 3000 slices and keyboards are being converted to use the black 92U keyboard described above.
- Where black keyboards are included in P-USB configurations, the 3.8M black 12V P-USB cable (11000329) will be included.
- StoreNext will be switching cash drawers and once again standardizing on the locking version as soon as possible pending lead time for supply. We hope to have the changes complete this quarter. Although the no-lock drawers are more secure, dealers and customers have expressed a preference for the lock option, enabling the till to be accessed in cases where the drawer cannot be opened electronically from the terminal.

## NEW SCANMASTER OPTIONS

New options for StoreNext ScanMaster software are available, and will be published shortly in an updated ScanMaster Reference Bulletin, including the following new ScanMaster options:

<b>PIN</b>	<b>Item</b>	<b>Price</b>	<b>Inst</b>	<b>Maint</b>
SM45180/088	ScanMaster RORC Interface Option (V1/V2) <small>Required to interface ScanMaster V1 or V2 system to RORC. Requires ScanMaster version 2.04.01 050 or 1.04.01-050 or later.</small>	\$ 995	\$ 200	\$ 100
