

## Update Bulletin

### 9900 Scanner/Scale Special Dealer Pricing

August 9, 2002

To celebrate the formation of our new company, StoreNext Retail Technologies announces a special Dealer price for the Fujitsu 9900 Scanner/Scale packages for ISS45.

Until further notice, the Dealer net price for the 9900 Scanner/Scale – including stainless-steel platter with sapphire glass, interfaces and scanner/scale cable – is **\$1,195**.<sup>1</sup> In addition, the list price has been reduced from \$2,808 to \$2,343. Similar reductions have been made for the other ISS45 9900 packages – please see the new Issue 4 of the 9900 Marketing Bulletin (1152-4) for complete pricing and details. The new pricing is effective immediately.

To make the deal even better, Dealers will receive *double points credit* toward Centurion Club for all 9900 shipments after August 1, 2002.

The Fujitsu 9900 has shipped with UCC-14 capability for the last year or so, and will add RSS-14 capability within the next month. Older 9900s can be updated via a free download, which will be available to Dealers on the StoreNext Dealer Support Web site.

To Your Success,

***Tony***
