

ANNOUNCEMENT

2016 Leap Year Celebration — Big Deals for a Big Year!

February 27, 2016

You know it'll be a big year — we even get an extra day. So leap into 2016 — and leapfrog your competition — with \$125 instant rebates on NCR's outstanding new RealPOS XR6.

And we didn't stop there. The extra day deserves an extra deal, so our Leap Year Celebration invites the entire lane to the dance: \$200/lane says e-boxes, cash drawers, displays, printers and scanner/scales are all on our list.

This party goes all the way through June, so line up your prom dates and let's go!

THE DEALS

1. RealPOS XR6 volume purchases — any model, any configuration!

- **\$125 per unit** for 100+ units
- **\$75 per unit** for 50-99 units
- **\$40 per unit** for 25-49 units
- See the RealPOS XR6 brochure at the end of this bulletin.

2. NCR "Full-House" and "Small-Straight" full-lane purchases including peripherals

- **\$200 Full-House Rebate** on most NCR e-boxes when purchased with cash drawer, printer, display and scanner/scale
- **\$150 Small-Straight Rebate** on e-boxes with three peripherals
- Minimum order of 10 lanes

THE FINE PRINT

- **Orders** — must be placed with ScanSource or Ingram Micro.
- **Instant rebates after discount** — Your rebates will be applied after the Channel Partner's usual discount is applied to NCR's standard MRP/List Price. Rebates will be provided on the distributor's invoice and taken against the net price of the e-box in all cases.
- **Use the Rebate PINs** — Order the qualifying items using your normal Channel Partner discount, then use the rebate PIN as an additional line item to claim an equal quantity of the rebates. The rebate PINs are listed in the table below.
- **Volume P.O.** — Channel Partner must order the full qualifying volume for the desired rebate level on the single P.O. Cumulative volumes over time do not qualify.
- **Deadlines** — Orders must be placed by June 10 and must be shipped by June 30, 2016.
- **Sorry, no "double-dipping" or combined special pricing** — Orders that qualify for both the XR6 rebate and Full-House / Small-Straight rebate will receive the larger qualifying rebate, but not both. This offer may not be combined with any other special discounts, offers, programs or pricing Exceptions.

- **Retroactive application** – These offers cannot be retroactively applied to orders shipped before March 1, 2016, but Channel Partners may amend unshipped orders already in process to add rebates to orders that would otherwise qualify for this rebate.

RealPOS XR6 Volume Purchase Rebate Details

- **Valid configurations** – all RealPOS XR6 models, including those with the C-1820TE, Core i3 and Core i5 are included. Any of the RealPOS XR6 packages (NCR-RXR6-PK-01 etc.) can be used. If you choose to order à la carte, the configuration must include the e-box, operating system, disk storage (HDD or SSD) and AC power cord.
- **Mix-Match** – is permitted: multiple XR6 configurations summing to the volume threshold will all qualify for the rebates.

“Full House” and “Small Straight” Rebate Details

- **\$200 Full-House rebate** – requires e-box, cash drawer, display, printer and scanner/scale. The entire rebate amount will be applied to the e-boxes on your invoice.
- **\$150 Small-Straight rebate** – requires e-box and any three of the four peripherals (cash drawer, printer, display or scanner/scale). The entire rebate amount will be applied against the e-boxes on your invoice.
- **Minimum 10 lane quantity** – is required to qualify for either the Full-House or Small-Straight rebate. The two rebate types cannot be mix/matched to reach the minimum 10-lane threshold required.
- **Qualifying E-boxes** – RealPOS XR6, RealPOS XR7, RealPOS 50, RealPOS 60, RealPOS 72XRT and RealPOS 82XRT are included. RealPOS 25 and 40 do *not* qualify.
- **Qualifying cash drawers** – all full-size or mid-size class drawers apply.
- **Qualifying displays** – NCR DynaKey displays, NCR cashier touch displays and X-Series displays qualify, including packages including those products. Displays integrated with RealPOS XR7 or RealPOS 72XRT also fulfill the requirement. Non-Touch, 2x20 and small-format displays do not qualify.
- **Qualifying printers** – All NCR multi-station Class 7167 and 7168 printers are included. Single-station printers do not qualify.
- **Qualifying Scanner/Scales** – All scanning + scaling models and configurations of RealScan Class 7874, 7878 and 7879 scanner/scales.

REBATE PINS

Order a quantity of these Rebate PINs matching the qualifying product quantity ordered:

Rebate PIN	Rebate Item	Amount
NCR-7603-REBATE-125-16	NCR RealPOS XR6 \$125 Leap Year Instant Rebate, 1H 2016, 100+ Volume Order	-\$125

NCR-SS-REBATE-150-16	NCR 2016 Leap Year Small-Straight \$150 Rebate, Minimum 10 Lanes, per Lane	-\$150

I AM THE NCR REALPOS™ XR6

Big things come in small packages

The NCR RealPOS XR6 is a powerful and flexible point-of-sale (POS) terminal featuring a smart, compact design combined with the ruggedness you need for your retail stores.

Small, but powerful

The RealPOS XR6 is the smallest POS in its class, but don't let its size fool you—it's a powerful workhorse. Up to 70% smaller than traditional POS offerings, the XR6's space-saving design conserves valuable checkout space without sacrificing features and functionality. The XR6 is built to last with a rugged, die-cast aluminum chassis and an innovative cooling system to help it endure the toughest retail environments.

Keep those checkout lines moving

Powered by 4th generation Intel® Core™ processor technology, the RealPOS XR6 delivers exceptional performance to help you ring up those sales quickly and accommodate your future checkout needs. Its smart, retail-centric design features an optimized mix of powered USB and serial interfaces to give you the connectivity your checkouts need while eliminating those extra power bricks.

Keep it simple

We understand how critical it is to have all of your checkouts continuously up and running. That's why we designed the RealPOS XR6 to be quickly and easily serviced. Its EZ-Open hinged chassis gives you convenient access to internal components, and an on-board image recovery button is included to efficiently restore your POS software image.

The bottom line

The NCR RealPOS XR6 is ideal for virtually any retail checkout environment. You can create a customized POS solution by combining it with NCR's extensive family of displays, scanners and other retail peripherals to meet the unique requirements of your stores. With big performance packed in a small terminal, the RealPOS XR6 helps you deliver a superior checkout experience to your customers.
