

## Update

### Welcome to Dave Murphy

January 9, 2001

Fujitsu Transaction Systems welcomes Dave Murphy to our **ISS45** Dealer business. Dave is based in Minneapolis-St. Paul, forming a peerless team of **ISS45** Field Systems Engineers with Mike Kawczynski and Randy Mans.

Remember our “no greenhorns” promise when we restarted the Dealer program a few years back? Well, like all our Dealer team, Dave brings a great background — in this case, 24 years across all facets of PoS systems experience — to the network:

- A couple years as a Break/Fix Service Engineer
- A couple years in Technical Support
- A couple years as a service Branch Supervisor
- Four years as a Support Manager
- And then about 14 years in a combination of Support, System Integration, Project Management and Application Consulting for mid-tier and large accounts, including Jewel, Cub, Rainbow. He also brings hardlines credentials, having worked with Payless, Home Base and Best Buy. Dave has earned Microsoft Certification.
- Most recently, Dave has worked with **ISS45 V8** at both Albertsons and Big Y. In addition to his non-food application experience, Dave shares Mike and Randy’s depth of experience in the S18, KeyScan and Electronic Payments areas.

Dave is the fifth addition to the **ISS45** Dealer group in the last three months, further underlining both Fujitsu’s Quality and Quantity commitments to your market. His experience is sure to be valuable as Dealers continue to move toward larger accounts with increasingly sophisticated systems.

To Your Success,

*Tony*
