

Update Bulletin

SNFP15 — New Lower-Cost 15" Flat Panel Display

January 10, 2007

StoreNext is pleased to offer an alternative lower-cost 15" flat panel display at a dealer-net cost. Dealers may order this product for the same types of applications where the current L5EX-TA display is typically implemented. Note that the L5EX-TA and the black L5EX-TA-4000 will continue in the product line for those dealers and customers needing more stable long-life product runs.

The new PIN for this display will be SNFP15. Since technology and offerings from vendors changes rapidly with these displays, StoreNext will follow the same process used with PCs and servers – changing the actual offering from time to time without notice as the technology moves forward. StoreNext will fold in the latest applicable display hardware under this unchanging SNFP15 product identification number.

Although the actual display may change, however, StoreNext will ship the same version inside all orders. Dealers will not receive mixed versions of the display for the same store system. The current SNFP15 has the following specifications:

- 15" color active matrix LCD (TFT), 1024 x 768 native resolution
- Internal power: AC 120/230 V (50/60 Hz)
- Black color, flat panel mount interface
- 1 x VGA - 15 pin HD D-Sub (HD-15) video input, RGB
- External dimensions and weight: 13.6" x 6.3" x 13.9" — 8.2 pounds
- PC 99 compliant
- 600:1 contrast ratio, 250 cd/m2 brightness (typical), 12ms response time
- Viewing Angle (H/V): 130/110
- Three (3) year warranty

Again, although StoreNext will endeavor to provide updated information, the actual product shipped is subject to change without notice. Order

PIN	Item	Price	Inst	Maint
SNFP15	StoreNext 15" Flat-Panel Display	\$ 379	\$ 100	\$ 85

This display is offered at a flat **\$229 Dealer Net Price**.

To Your Success,

Anthony van Seventer
