

# ANNOUNCEMENT

ISS45 and ScanMaster Express Systems On Hold

January 12, 2016

Orders for ISS45 and ScanMaster Express systems cannot be accepted at this time, and until further notice have been withdrawn for ordering and sales.

There is no committed date for re-introduction, but NCR expects to restore these packages as the NCR transition to the split distribution and the new direct NCR Order Entry progresses, and enhanced capabilities for complex packages are put in place.
