

## Update Bulletin

### Special “Plus-One for ONePlus!” Oneac Promotion on New ONePlus® Power-Conditioned UPS Systems — and Maybe Free Shipping Too

July 20, 2005

StoreNext is very pleased to offer the new ONePlus™ Power-Conditioned uninterruptible power supplies (UPS) to StoreNext dealers with a pair of outstanding promotions on these products that will put the latest Oneac 250VA fully-feature-loaded UPSs at your dealership for about \$225 each. Delivered.

No other power conditioning products bring the sophisticated safety of an Oneac, plus a five-year warranty and the easiest installation and handling of any UPS system, plus outstanding pricing that’s way less than competing units. But if that’s not enough, StoreNext dealers can now get a great value on the new ONePlus power-conditioned UPS, as well as Oneac’s ON® series products and the Oneac ConditionOne® power conditioners.

Here are the offers:

1. Buy a *ten-pack* of the new ONePlus power-conditioned UPS units and you’ll get your order “plus-one” — an extra unit free. Not only do you get the lower ten-pack price, but this means you get another ten percent off of StoreNext’s already aggressive dealer net prices for the ONePlus line.
2. Buy *three* ten-packs and your shipping will be free as well. You’ll get 33 for the price of 30 and no shipping charges.

And you don’t have to stop at the Oneac ONePlus line — you can apply either of these offers to any of the Oneac ConditionOne Power Conditioners (PC075A-S2SW, PC075AG-S2SW, PC180A-S4SW, PC180AG-S2SW, and PC240AG-S4SW) or the ON series of power-conditioned UPS products (ONe200DA-SV and ONe300DA-SV). In all cases, these ten-packs-plus-one will ship directly to your dealership from Oneac.

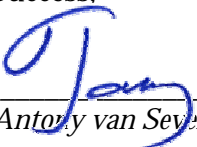

This offer is good only for shipments on or before *September 30, 2005*, so get on it. With Oneac’s new service arrangement for StoreNext dealers, you have your own local Oneac service representative to make sure you get all the information, advice and customer care you’ll need.

And to help you sell, see the brand new [ONePlus brochure](#) and data sheet from StoreNext.

For all the products and pricing, including the new ONePlus units and ten-packs, please see the updated [Add-An-Oneac Marketing Bulletin 1186](#) that also explains about all the new models plus how to select which products to use in independent grocery locations.

So get your order in for ONePlus Oneacs ... .. *Plus One*. But do it ON time because ON October ONe ... the deal’s gONe.

To Your Success,

Antony van Severster
