

**Special Dealer Education Session at ICRDA/SDA**

June 27, 2001

Heads up —

At the ICRDA/SDA Focus/Advantage 2001 Conference/Conference in Las Vegas/Las Vegas,<sup>1</sup> Fujitsu<sup>2</sup> will be running a special education session for ISS45 Dealers on Sunday July 22 before the start of the show.

We have done these sessions before, and the quality and response have both been excellent. So we're going to push our luck, put another silver dollar in the slot, pull that lever and run another one. The agenda's not done yet, but based upon Dealer requests for more **V8** and WinPoS education, we expect to focus on these topics.

Many Dealers are choosing to stay over on Saturday night anyway, but if you are just now making your plans, pencil us in for Sunday. Too hot to play golf anyway. Of course, we'll do our annual ISS45 Dealer Meeting too, later on during the conference.

We'll give you more information as soon as it's available.

To Your Success,

*Tony*

*Director: Supermarket Systems*

---

<sup>1</sup> Are these combined associations great or what.

<sup>2</sup> Now that we're no longer Fujitsu/ICL/PSI/Datachecker/DTS we can make this kind of joke.
