StoreNext Brochures, Folders, Data Sheets

June 26, 2003

Here is the ordering information for the current StoreNext series of marketing collateral. Sample packages of these were shipped to all Dealers in good standing back in March at no charge and some Dealers are now looking for additional copies.

After consultations with several Dealers, StoreNext is also instituting a "Flyer Program" – the idea is for StoreNext to produce one-page flyers for Dealer use in emails, trade shows, targeted direct mailings and advertising in wholesaler (or grocer association) newsletters/magazines. We'll be sending you more information on the Flyer Program in the near future.

Please be aware that due to the anticipated constant updating of the Connected Services offerings, StoreNext does *not* provide the Connected Services Inserts in hard copy. These PDFs have been designed for download and local printing – you'll note they've been produced in "press-ready" format for high-resolution printing.

The following includes a table for StoreNext's hard copy Offering pieces as well as for Hardware (next page):
