

Update Bulletin

New StoreNext Mayday!Exchange III Program Coming — Current Mayday!Exchange II to be Withdrawn

March 6, 2004

StoreNext will announce a new *Mayday!Exchange III* program on ... May 1.

As you likely know, StoreNext's Mayday!Exchange program is a special trade-in for StoreNext users enabling dealers to provide additional investment protection and hardware upgrade incentives.

With the introduction of the TeamPoS 2000 S and ScanMaster, the upgrade options and needs of independents, StoreNext dealer/partners and StoreNext are changing. The new Mayday!Exchange (III) program will replace the existing Mayday!Exchange (II) program — Mayday!Exchange II is being withdrawn.

Dealers must complete Mayday!Exchange offers and transactions in process as per the following schedule:

- StoreNext will accept purchases under the Mayday!Exchange II program (See [Marketing Bulletin 1189 Issue 3.2](#)) through *Friday, April 29 2005*. No Mayday!Exchange II purchases will be accepted after that date.
- All Mayday!Exchange II trade-ins in process (in-house orders or shipped hardware) must be completed by *Tuesday May 31, 2005*. Mayday!Exchange II credits will not be processed for hardware returned after that date.

Terms of the replacement Mayday!Exchange program will be announced on May 1, 2005.

So make sure that you complete *all* Mayday!Exchange II orders by April 29 and that *all* Mayday!Exchange II business, shipping and trade-ins are finished by May 31. Again, any Mayday!Exchange II potential credits will expire on May 31 if not completed.

To Your Success,

Tony
