

Update Bulletin

Mayday!Exchange With Magellan 8500 and 8200

May 29, 2006

StoreNext is very pleased to add the PSC Magellan 8200 and 8500 scanner/scales to the Mayday!Exchange program. Dealers can receive up to \$200 in credits per lane when these Magellans are added to terminal trade-in orders under StoreNext's Mayday program.

Mayday!Exchange is designed to help dealers provide aggressive pricing to grocers who need to upgrade their ISS45, ScanMaster and 2127 stores with new hardware. Reference Bulletin 1189 has all the details, but in a nutshell dealers can get significant trade-in credits for TeamPoS 2000 and TeamPoS 2000 S-Class terminals, and now Mayday!Exchange credits will also be available for Magellan scanner/scales.

Now StoreNext is adding the PSC Magellan 8200 and 8500 scanner/scales: when doing a Mayday!Exchange trade-in on a lane of hardware, dealers may now add these scanner/scales to the order and receive a \$200 instant credit against the Magellan 8500 or \$100 against the Magellan 8200. See the [Mayday!Exchange Reference Bulletin 1189](#), but in a nutshell:

- One of the specified terminals must be ordered for each of these add-on Mayday!Exchange scanner/scale offers
- Trade-in is available against all counter-mounted flatbed scanners with integrated or dispersed scales
- The Mayday!Exchange Trade-In Confirmation Form must be filed for each order upon installation. *StoreNext will back-bill the dealer for all credits 90 days from the shipment if this form is not provided with complete information.*
- The appropriate Mayday!Exchange Product Identification Numbers (PINs) must be on the dealer's order to StoreNext

For Magellan Mayday!Exchange credits, order:

PIN	Item	Price	Inst	Maint
MD3-SS-200	Mayday!Exchange Credit on Magellan Scanner/Scale 8500 models	\$ 200 Credit	N/A	N/A
MD3-SS-100	Mayday!Exchange Credit on Magellan Scanner/Scale 8200 models	100 Credit	N/A	N/A

To Your Success,

Anthony van Seventer
