

## Update Bulletin

### LaneHawk Demo Modelset

May 13, 2010

We are providing a Demo Modelset to make it easy to provide demonstrations of the LaneHawk system.

This small Modelset provides only five products, making it fast to analyze and resolve on laptop computers (instead of server-class machines to search hundreds of product models. The items chosen are easily available at most stores, so dealers can purchase the matching items for demo purposes.

This Modelset is available from the StoreNext Dealer Support Web site. [Click here to download the Demo Modelset.](#)
