

**Update Bulletin**

**NCR \$100 Rebates on RealSCAN 7878/7874 Hybrid Imaging Scanner/Scales — Sprint to the Finish**

October 3, 2013

NCR is providing special \$100 and \$50 instant rebates on RealSCAN 7878 and 7874 scanner/scales through December.

NCR’s 7878 and 7874 imaging hybrid scanners offer the best of both worlds by combining imaging and laser scanning technology into one unit. They are an ideal choice for retailers requiring high-speed scanning capability combined with support for emerging 2-D bar code formats. In addition, these NCR scanners can be installed as laser-only units and upgraded to add 2-D imaging later as business needs change.

NCR’s *Sprint to the Finish* program now offers \$100 instant rebate on 7878 and 7874 scanner/scales ordered with hybrid imaging. A \$50 instant rebate is available for non-imaging units. This special pricing helps Retalix Channel Partners provide this great technology at low cost to your customers while driving year-end demand.

**DETAILS**

- **Effective dates** – these \$100 and \$50 rebates are effective immediately
  - Rebates apply to all qualifying shipments through December 31, 2013.
  - Orders must be into Retalix Order Entry by December 13 to ensure availability.
- **Pricing and Discounts** – the standard NCR POS hardware discounts for Retalix Select, Elite and Premier Channel Partners applies, and the \$100 or \$50 rebates are subtracted from the net Channel Partner price on your P.O. and invoice.
- **No combined offers** – these Sprint to the Finish Rebates cannot be added or combined with any other special or Exception prices.
- **Ordering** – by December 13, order the appropriate rebate PIN below matching the quantity of the 7878 or 7874 scanner/scales on your order.

<b>PIN</b>	<b>Item</b>	<b>Amount</b>
