This publication is protected by federal copyright law. This document and its contents are the proprietary, confidential information and property of NCR Corporation ("NCR"). Unauthorized disclosure, reproduction, distribution or use of this document and/or its contents in any form is strictly prohibited. No part of this publication may be reproduced or transmitted into any human or computer language in any form or by any means, stored in a retrieval system, transmitted, redistributed, translated or disclosed to third parties, or de-compiled in any way including, but not limited to, photocopy, photograph, electronic, mechanical, magnetic or manual without the express written permission of NCR or its licensors, if any. This document, notwithstanding the above, may be distributed in electronic or printed form by NCR to personnel who are employed by either (a) a licensee and end user of the subject system of this document or (b) personnel from an authorized NCR Channel Partner or Solution Provider of the subject system of this document. All copies of this document so distributed and/or so authorized, shall contain a full copy of this copyright notice.

NCR has prepared this document as a guide to the proper installation, operation, customization and/or maintenance of NCR products. The drawings and specifications contained herein are the property of NCR and/or its licensors.

NCR endeavors to ensure that the information in this document is correct and fairly stated but does not accept liability for any error or omission. NCR makes no representation or warranties with respect to the contents hereof, and specifically disclaims any implied warranties of merchantability or fitness for a particular purpose or non-infringement. No commitments by NCR or its suppliers are made by or from this documentation which is provided for information only.

Development of NCR products and documentation is continuous: NCR reserves the right to revise this publication and to make changes at any time to the contents hereof or to the products herein described or discussed without notice and without any obligation for NCR to notify any person or organization of such revision or changes. Information published in this document will likely be superseded, and it is recommended that users regularly check for updates and newer versions.

The trademarks NCR, Retailix, StoreNext, ISS45, ScanMaster, R10, ACS, PocketOffice, RPO, RBO, ABO, Connected Payments, ServerEPS, Connected Services, Connected Loyalty, WinEPS and all other NCR product names are registered trademarks or trademarks of NCR; all other trademarks or registered trademarks are the property of their respective owners. Third-party products, services, or company names referenced in this document may be trademarked or copyrighted by their respective owners, and are for identification purposes only. Copyrights, trademarks and license agreements shall be governed and construed in accordance with the laws of the State of New York and the Federal Arbitration Act, and shall benefit NCR, its successors, and assigns.

Introduction

The 8.1.8.0-090 patch is accompanied by a new **Retalix ISS45_NCRSelfServCheckOut_5.00.01.00.37.exe**. The Transaction Broker fixes are to be installed on an ISS45 system that has been previously upgraded to 8.1.8.0-090 patch.

The details explained in detail in the ISS45 8.1.8.0-090 Release Notes. These improvements are not included in the ISS45/SSCO installation guide.

If you have any questions regarding this release, please contact NCR Dealer Channel Support.

8.1.8.0-090 Patch Upgrade Procedures

Upgrading ISS45 POS

Note: Please shutdown all ISS45 and SSCO application before upgrading SSCO lane.

Note: 8180090.mtx is used for POS systems with PIN Pad.
8180090.us is used for POS systems without PIN Pad.

1. Copy the patch file to a temporary directory.
2. Rename the patch file to end in .zip.
3. Extract the patch zip file to the temporary directory.
4. Use Windows Explorer to double-click and launch **C:\Program Files\POSware\WinPOS\POSDOS.BAT**
5. Change the path to the temporary directory.
6. Type **INSTALL.BAT**
7. Follow prompts to install the patch.
8. Type, "**EXIT**" to close the POSDOS box.

Upgrading SSCO Transaction Broker

Note: Please shutdown all ISS45 and SSCO application before upgrading SSCO lane.

1. Log into administrator account before installation
2. Install **Retalix ISS45_NCRSelfServCheckOut_5.00.01.00.37.exe** on Lane by clicking on the executable file.
3. A screen will display, please click “Next” to proceed.
4. The installer will start transferring the files.
5. Click “Finish” and wait until the machine restarts to complete installation.
6. Check the C:\scot\install\InstallTrace.log, C:\scot\install\InstallHistory.log file to check for installation status messages.
7. Reboot SSCO machine
