

## Technical Bulletin

### ScanMaster Upgrades of 2.0.x with RBO

ISS45-TECH-06:19

August 8, 2006

If you are upgrading a ScanMaster v2.0.x store that has RBO then you need to make sure to run Landrive:\Grocery\Files\attrib -r \*.ddf manually.

This is due to RBO making the \*.ddf files read only.

This technical bulletin is valid for all current StoreNext V2 releases including 2.03.01. In the upcoming winter 2007 release, the install for 2.04.00-050 will to do the attrib.

To Your Success,

***Bart***
