

## Technical Bulletin

### ISS45 New WIC EBT Screens in 7140-050

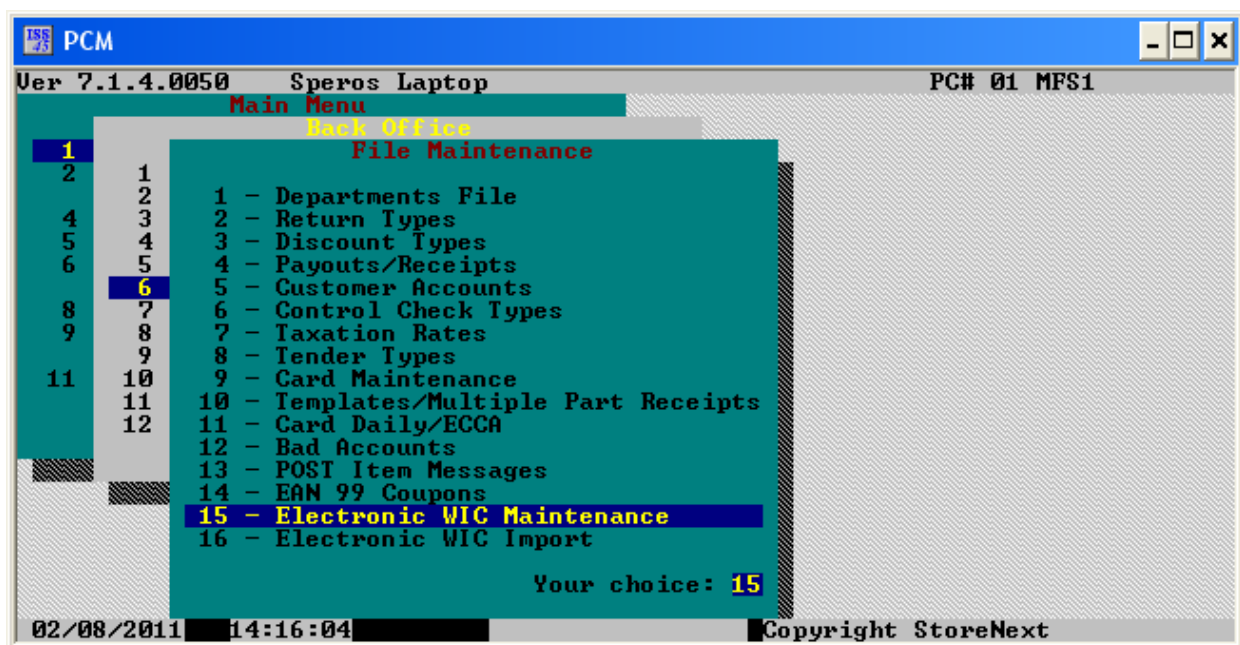

ISS45-TECH-11:03

February 11, 2011

With the release of ISS45 7.1.4.0-050 the Online EBT WIC and Smart EBT WIC maintenance screens will be built into the system.

In the past (with V7.1.3.0-090 and forward) it was required that you add links to these screens on the ISS45 main screen.

The new screens will be at 1-6-15 and 1-6-16 on all 7.1.4.0-050 systems (see below).

#### NOTE:

Changes to these screens (1-6-15 and 1-6-16) **must be made** on MFS1. The changes for these screens are not transmitted to MFS2 or any LFS in the system. Any changes to these screens made from either MFS2 or any LFS will **not** result in these changes being transmitted to MFS1.
