

Technical Bulletin

ISS45 HASP Driver File Location

ISS45-TECH-06:14

June 13, 2006

During the installation of ISS45 when using a USB HASP software key, the system may not always find the correct driver file.

One of two driver files can be listed as not found (aksusb.sys or aksclass.sys).

The location for either of these files will be different depending upon the operating system on your computer.

These driver files may be found in either:

- C:\WINDOWS\SYSTEM32\SETUP\ALADDIN\HASP\HL

or

- C:\WINDOWS\SYSTEM32\DRIVERS

To Your Success,

Speros Voss
