D15 Display Mounting Illustrations

HW-TECH-06:01

March 14, 2006

Please see the following illustrations of the Fujitsu D15 Digital Display's in-counter mounting option. The in-counter mount is an optional kit consisting of an interface PCB, mounting brackets and cosmetic rear plastic cover. Its purpose is to allow remote mounting of the D15 display to a VESA compliant pole mount, as well as to provide multiple interface connections to the display.
